GUEST OF HONOR AND SPEAKER

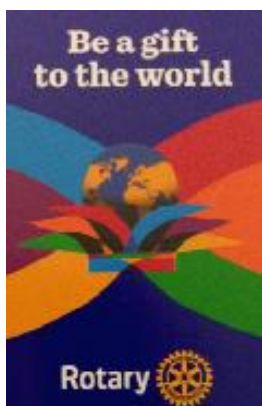

ATTY. SALVADOR S. PANELO

Incoming Presidential Spokesman
Republic of the Philippines

KABALITA

What's up with the latest buzz on the Davao Phenom who has taken the archipelago by storm with his uncanny and no non-sense ways of street smart governance as he is poised to take his oath as the 16th President of the Republic of the Philippines? Let's talk about it as the Iskolar ng Bayan Litigator accepts the challenge as the new Malacañan Words of Authority at Asia's First Rotary Club.

PRESIDENT'S CORNER

Dear Fellow Manila Rotarians,

Last week, while I and several other Manila Rotarians (including DG/PP Obet Pagdanganan, DGND/PP Rudy Bediones, PDG Vince Carlos, AS Alvin Lacambacal, PD Bebot Pineda, PD Oscar del Rosario, and PD Jun Hallare) were representing our Club at the Rotary International Convention in Seoul, Korea, we had Land Transportation Office ("LTO") Chief, Atty. Roberto Cabrera III, as our Guest of Honor and Speaker at our regular Thursday luncheon meeting. Atty. Cabrera discussed the mandate, plans, and programs of the LTO and answered the many questions raised by our members regarding the problems involved in the issuance of driver's licenses and motor vehicle plates, and other matters involving the operations of the LTO.

On news within our Club, last 3 June 2016, the World Famous Music Chorale started practicing, at the residence of Secretary Jorge Salazar in Bel-Air, Makati City, for the songs to be sung at the inauguration of All Star President Teddy Ocampo on 14 July 2016. Please save that date in your calendars. Also, please register for the forthcoming 2016 Handover and Induction Ceremonies, which will be held at the Marriott Grand Ballroom of the Marriott Hotel Manila in Pasay City on 1 July 2016. The event kicks off with a mass at 3pm and the handover ceremonies proper will begin at 5:30pm. The attendance fee is P1,500.00. During this event, our very own DG/PP Obet Pagdanganan will take a bow as District Governor of District 3810 and will deliver his valedictory address, as he hands over the mantle of leadership of District 3810 to DGE Ernesto Yuyek. Let's all show our support for our outstanding outgoing District Governor on this very important occasion and applaud all the accomplishments he has achieved for District 3810. The event is doubly significant as it will also serve as a unique opportunity for us to formally announce the forthcoming celebration of our centennial, which coincides with the celebration of the 100 years of the Rotary movement in the Philippines and Asia, and redefine and highlight our unique role as mother club to many Rotary clubs in the District. Moreover, this event will formally present some of our fellow Manila Rotarians who will be playing very important roles in the All Star Rotary Year, namely, PP Cesar Ubaldo (as Chief of Staff to the District Governor), DE Albert Alday (as Deputy Chief of Staff to the District Governor), and Senior Deputy Governor for District Publications and AG/IPP, Frank Evaristo (as Senior Deputy Governor – District Representative to the Philippine Rotary Magazine). Also, during this event, CoS/PP Rudy Bediones will be formally elevated to the position of District Governor Nominee (from District Governor Nominee Designate), while PE/VP Teddy Ocampo will be marching with me while we will both carry the All Star Rotary Year Banner of our club during the parade of All Star Presidents and District Officers. Let us, therefore, attend and support our aforementioned fellow Manila Rotarians who will be taking on greater responsibilities in the coming Rotary Year.

On news from around the District, last 5 June 2016, DG/PP Obet Pagdanganan and DGND/CoS/PP Rudy Bediones attended the 2nd District 3810 Rotary Membership Development Program Seminar and Fellowship at the Sikatuna Beach Hotel in San Jose, Occidental Mindoro.

Today, we welcome Incoming Presidential Spokesman, Atty. Salvador S. Panelo, as our Guest of Honor and Speaker. Atty. Panelo is expected to give us a preview of how the incoming Duterte Administration will run our national government.

Please continue to actively participate in, and support, all of our Club's plans, programs, and activities during the remainder of this Rotary Year. Most importantly, we still have some time before the end of this Rotary Year to beef up our Club's membership. Please recommend, as soon as possible, at least one new recruit for the consideration of our Membership and Classification Committee.

Mabuhay ang Rotary Club of Manila!

GUEST OF HONOR AND SPEAKER'S PROFILE

Atty. Salvador S. Panelo
Incoming Presidential Spokesman
Republic of the Philippines

Atty. Salvador Panelo will be the voice of Rodrigo Duterte for the next 6 years as he takes on the job as the [president-elect's spokesperson](#).

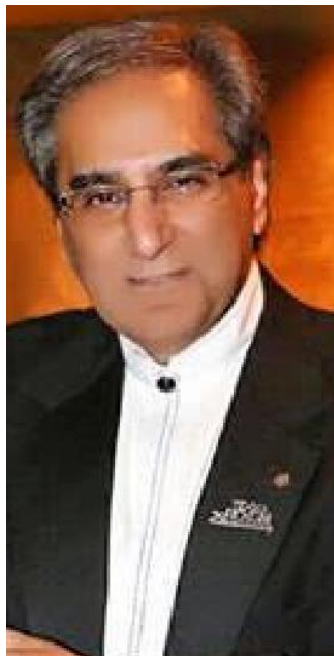

He will face mostly – and if the need arises, defend the president from – the media that will closely cover the new administration just like what he had been doing in the past.

As legal counsel of the Davao City mayor, Panelo was one of the most-sought-after figures at the height of Senator Antonio Trillanes IV's charges of hidden wealth against the president-elect. Trillanes alleged Duterte's bank account in the Bank of the Philippine Islands (BPI)'s Julia Vargas branch had transactions that amounted to billions of pesos.

On May 2, [he represented Duterte](#) at BPI where he tried to disprove the claims of Trillanes amid a huge crowd of supporters from both sides.

Panelo, however, is no stranger to dealing with issues that surround his clients. As a lawyer, he has handled quite high profile cases throughout his career.

5 June 2016

President Eusebio V. Tan,
Rotary Club of Manila.

Dear President Eusebio,

97th Charter Anniversary of Rotary Club of Manila

The 97th Charter Anniversary of Rotary Club of Manila, since its inception as the First Rotary Club in Asia, falls in this month. This is indeed a great occasion given the wisdom, foresight and vision planted almost a century ago in establishing your esteem club and the subsequent long, probably winding, road that your club and fellow members had gone through in moving your club forward in the pursuit of the Rotary motto and spirit for the benefit of our communities over the years.

To the Rotary Club of Kowloon East, District 3450, your anniversary also means an advancement in the sister relationship between your club and ours, since the birthday 41 years ago, which we all cheer for in Hong Kong. While we shall be unable to physically join your anniversary celebration on 9th June regrettably, due to other activities that happen to take place here around that very day, all Rotarians in our club join me in wishing our sister club and fellow Rotarians in Manila another year of success, joy and good health! Big congratulations to you all!

Yours in Rotary,

PUBLIC HEALTH NUTRITION AND CHILD CARE

VITILIGO

Elias D. Adamos, M.D.

Vitiligo (vit-ih-lie-go) is a non-contagious, non-life-threatening disease of the skin. The disease affects the skin in any part of the body. People with vitiligo have white patches on areas of the body. It can affect the skin on any part of your body. It may also affect the hair, the inside of the mouth and even the eyes. The condition is more noticeable in dark-skinned people although all races can be equally affected. The rate and extent of color loss is unpredictable.

What causes vitiligo?

The color of the skin and hair is determined by the amount of *melanin*. The pigment-forming cells of the body known as *melanocytes* produce melanin that determines the characteristic normal color of the skin. When melanocytes are destroyed by your body, vitiligo occurs. The destruction is unexplainable and maybe due to an *immune response* of the body. Said in another way: Your immune system attacks or destroys the melanocytes. There is no known cause or explanation. It happens right inside the body of affected individuals. Trigger events include: exposure to industrial chemicals, sunburn, and stress.

Who can be affected?

Vitiligo affects up to 2% of the population. Both men and women are equally likely to develop vitiligo. In many cases, the disorder starts between the ages of 10 and 30 years. 90% of those affected with vitiligo will develop the disorder before age 40. Vitiligo may be present in the genes or it may run in families. Those with family history of premature graying of hair are at increased risk for the development of vitiligo.

Symptoms

It presents itself as a rapid pigment loss on areas of the skin. The initial appearance of the white patches may stop and become stable without any progression. Later on, cycles of loss of pigmentation and stability may be observed.

Diagnosis

Your doctor may incidentally or accidentally diagnose vitiligo during physical examination.

Treatment

No drugs can stop the process of vitiligo. Treatment for vitiligo may improve the appearance of the affected skin but does not cure the disease.

Prevention

There is no known way to prevent vitiligo. However, several methods, including the use of cosmetics, corticosteroid creams, and UV light therapy may improve the appearance of skin severely affected by vitiligo.
