REMINISCING ROY

REMINISCING ROY

by IPSDG/IPDCoS/DE/IPD Albert S. Alday

Your name brought me luck when I was able to answer my current events quiz when I was in grade school. Our first encounter was during your house-to-house campaign in 1984 during the elections of the Batasang Pambansa for the Member of Parliament for the then combined district of Las Piñas and Parañaque when you went out of your way to enter our humble abode and shook hands with an 11 year old boy who happened to be down with high fever. Twenty-one years later, we became fellow Rotarians at Asia's

First Rotary Club where you were one of the firsts to make me feel at home amid a teeming multitude of captains of industry I could only idolize from afar. And just when we became very close friends because you marvelled at how detailed I featured your every speaking engagement at our weekly BALITA that we kept in constant touch through the wonders of social media where you would report your latest interview, you left this world in a flash, living up to your monicker as Mr Project Mercury. While the multitude of Filipinos who look up to you as a defender of Philippine sovereignty mourn the loss of a patriot, I bid farewell to an Officer and a Gentleman, a man of deep seated knowledge with whom I had the rare privilege of exchanging views on almost any topic under the sun, a lofty man who saw an ordinary citizen like me as no different from family. PVP Roy Golez, I will miss our frequent old school boy bantering whenever you see my picture in the company of beautiful ladies where you would jokingly threaten me with an investigation by an ethics committee based on the 4-way test and bring a whole new meaning to the word, "learning". Rest well in calm seas and steady sail, being the Navy officer you have always been, as I thank the Good Lord for the rare privilege of crossing paths in this earthly life with an icon who descended his pedestal to embrace reality and see the future of our nation in the eyes of the common man.

EULOGY

Jose de Venecia
FORMER SPEAKER
PHILIPPINE HOUSE OF REPRESENTATIVES

For the Family of Former Rep. Roilo Golez
And for the Media

Former Congressman and National Security Adviser Roilo Golez was a specialist on national security and foreign relations, parliamentarian, soldier, civil servant, and a distinguished Rotarian, who served the nation well.

A graduate of the U.S. Naval Academy, Annapolis, he cleaned up the Philippine Postal Service and attended to national security issues including the Communist insurgency, outbreaks in the Muslim rebellion, peace-making and sovereignty issues in the South China Sea.

He will be well-remembered as a great Filipino, man of the family, and an outstanding public servant.

By:

Former Speaker Jose de Venecia
June 12, 2018

*On the occasion of the untimely death of Former Congressman and National Security Adviser
Roilo Golez*

EULOGY FOR RCM PVP ROY GOLEZ, PAST NATIONAL PRESIDENT OF THE BOY SCOUTS OF THE PHILIPPINES, SEPTEMBER 24, 1985 TO JUNE 30, 1986

STEPHEN GRELLET wrote and Glen Campbell sang:

"I expect to pass through this world but once. Any good thing, therefore, that I can do or any kindness I can show to any fellow human being, let me do it now. Let me not defer nor neglect it, for I shall never pass this way again."

Our dear friend and colleague, ROILO "ROY" GOLEZ will never pass this way again. But in his 71 years in this world, he did so many good or even great deeds, and had shown so much kindness. In recognition of these, when he passed on, Roy has been aptly described by friends and acquaintances as a true Filipino patriot, an officer and a gentleman, a passionate promoter of Philippine tourism destinations, and a distinguished Rotarian, having served as RC Manila Vice President. Former Speaker Joe de Venecia described Roy as an outstanding public servant, a parliamentarian, a man of the family, and a specialist in national security and foreign relations.

PVP Roy an Annapolis graduate, was also a loyal and brave Filipino soldier who fought and died "with his boots on!" Up to his last moments, former National Security Adviser Roy Golez, a most sought after resource person, was still fighting through the media, for the rights and sovereignty of the Philippines in the West Philippine Sea! His passion and determination will continue to inspire millions of Filipinos to carry on with his mission!

Indeed, the Filipino people knew that Roy Golez wore so many hats in serving our country. But not so many are probably aware that Roy Golez was also a Boy Scout! The scouting movement must have imbued in Roy the values that he lived; like following the Scout Laws of being trustworthy, loyal, helpful, friendly, courteous, kind, obedient, cheerful, thrifty, brave, clean and reverent! His sterling record in public service can attest to that.

Roy Golez served as the National President of the Boy Scouts of the Philippines from September 24, 1985 to June 30, 1986. At that time questions were raised about the Boy Scouts Constitution and by laws and even some outdated provisions of Commonwealth Act 111, the Boy Scouts charter. Then President Ferdinand Marcos decided to issue Letter of Instruction number 1481 on September 19, 1985, declaring all positions in the Boy Scouts of the Philippines vacant. A Temporary Executive Committee was created, chaired by one of the BSP founding fathers, Don Gabriel Daza, which was tasked to reorganize the BSP. Interestingly, Manila Rotarians again played a significant role in the reorganization, consistent with the fact that it was the Rotary Club of Manila that initiated the founding of the Boy Scouts of the Philippines! Then General Fidel V. Ramos was part of the Temporary Executive Committee. Former Budget Minister Jaime Laya was a member of the Nominating Committee. On September 24, 1985, Postmaster General Roy Golez was elected National President. Future World Scout Movement Head, PDG Frankie S. Roman was elected Senior Vice President and eventually succeeded Roy as National President, while PP Santi Dumlaog was elected the National Treasurer.

As its National President, Roy Golez "steadied the ship", instituted reforms and led the campaign for the eventual passage of Republic Act 7278 which amended Commonwealth Act 111. This rectified the identified inadequacies of the Boy Scouts Charter. He also created the BSP Emergency Team for Disaster Management in coordination with government agencies and the Philippine Red Cross where he also served as Governor for many years.

Furthermore, National President Roy Golez signed a Memorandum of Agreement to fight drug addiction, with the PC Narcotics Command headed by another future Manila Rotarian, General Ramon Montaño! One wonders, if the campaign against illegal drugs succeeded then as envisioned by PVP Roy, tokhang won't be a byword today!

There were 2.1 Million Boy Scouts when Roy was the National President. Today, there are almost 3 Million members and the organization continues to grow stronger, thanks to the foundation that former NP Roy helped build.

PVP Roy's passing is certainly a big loss to the country. He will be sorely missed, for sure. But as we condole with his beloved spouse Naty and their children including Vice Mayor Nico, we take consolation in the fact that Roy, being the Boy Scout

that he was, lived the motto of being always prepared. "LAGING HANDA!" Having served his people and country so very well, Roy must have been prepared, and now happy to meet His Maker, our Lord in heaven!

Former National President Roy Golez, on behalf of the 3 million Boy Scouts that you served so well, let me salute you and bid you farewell.

Thank you very much for the friendship and leadership.

May eternal light shine upon you!

Farewell To A Real Officer and Gentleman: Roy was a friend, an Idol and a Co-RCMer. I had been privileged to be one among his hundred thousands Facebook followers. Everybody knew he was one person who had achieved countless achievements: postmaster general at very young age, National Security Adviser and congressman, among others. But despite his high stature the humble and unassuming Roy, would willingly approach nearby tables at RCM meetings to greet and shake hands with everyone, me included. When he was in Baler while recording his video on Benham Rise for Facebook, for whatever reason which really surprised me, he greeted me by saying "Oh by the way, I would like to greet my friend Celso Abastillas, my friend from Rotary Club of Manila". We were always sitting in the same table at RCM meetings. The last time we were sitting together in a table (with my Ann Ging and son Jay) was at the inauguration of President Susing in Manila Hotel. In that occasion I had the honor of

raising my wine glass with him together with other RCMers for a toss in support of his advocacy to preserve the Philippine Territory from China's aggression. And Roy being Roy, conscious of history, initiated group picture taking of all RCMers in our table, namely, Rtns Hermie Esguerra, Jun Alvarez, Caloy Reyes, Bebot Pineda, Sam Eldebs and his guest Trixy Vidal (And Roy if you're watching from heaven's above, to be honest I brought my wife and my still unmarried son to Pres. Susing's inauguration so you and him could meet. I was actually planning to get you as one of the sponsors in his future wedding. Though this will not happen anymore rest assured you will always remain my friend and Compadre). By the way there was one accident where his car was bumped by another friend's car. Roy alighted from his car relaxed as if nothing happened, examined the damage to his car and after seeing the damage to his car was smaller compared to the other's, he just waved my other friend with a smile and said 'Ok no problem, Go but be more careful'. That is how kind Roy was. When there were controversial issues being discussed on RCM viber, our humble friend Roy would just remain quiet and not participate in the discussion. I would surmise he just did not want to hurt others' feelings. Even in criticizing President Duterte on Facebook, he would be very kind and gentle, a mark of a true Officer and Gentleman. Instead of attacking in an insulting manner he would just say mildly 'I suggest Sir, (say,) you file a diplomatic protest against China for militarising West Philippine Sea'. To Roy, who i'm sure is now with his Creator, your passing away is a great loss to RCM and to our country. I salute you and will never forget you! Farewell my friend, my Idol, my Compadre forever! (Rtn Celso Abastillas).

PVP ROY GOLEZ INTERVIEWED OVER HEARTBEAT LIVE ON SOUTH CHINA SEA SECURITY SITUATION

Former National Security Adviser and Former Parañaque Representative PVP Roilo Golez was interviewed by Ray Orosa on Heartbeat Live over Global News Network last June 1, 2018. He highlighted China's plan to establish a Strategic Triangle to gain full control of the South China Sea, which is a grave threat to our national security. The Strategic Triangle has been a part of his lectures on the South China Sea since February 2015 or more than three years ago. This concept was concretized in January 2015 in Tokyo during an international security workshop hosted by Japan. The plan of China is to establish military bases in Woody Island, the first point of the Triangle, then in the Spratlys' artificial islands, including Mischief Reef. The third is Scarborough Shoal which China seized in 2012. The third point is still in the planning stages. He added that this is a grave threat to our national security.

Philippines modernises its 'weak' navy as China muscles closer

After the second world war, the Philippines had one of the most powerful navies in Asia. But over the past 60 years, the Philippine Navy became one of the weakest as the government focused on internal security threats

"While praising those acquisitions, former national security adviser Roilo Golez said still more must be done to enable the Philippine Navy to effectively guard the nation's territorial waters."

"But he noted the difficulty given that the size of the Philippine economy, at about US\$400 billion, is just a little more than twice what China will spend in 2018 just on its military."

PUBLIC HEALTH NUTRITION AND CHILD CARE

MISCONCEPTIONS ABOUT HIGH BLOOD PRESSURE

Elias D. Adamos, M.D.

If you're worried about your high blood pressure, your concern is well-founded. If left untreated, high blood pressure can lead to heart disease and stroke. Your knowledge in high blood pressure prevention would depend on your acceptance to the truth and of myths about high blood pressure.

First misconception: **High blood pressure is not a big deal.** In the long run, **high blood pressure can kill you.** Your heart pumps blood through blood vessels all over your body. Blood is pushed through your beating heart in a single heartbeat. Blood supplies oxygen to the different parts of the body, including the brain. Because of high blood pressure, the blood vessels become stiff over time. Blood is pushed too hard and thus blood may not be flowing well. This is the start of the problem. **High blood pressure is therefore a “silent killer.”**

Second misconception: **High blood pressure can't be prevented.** There are steps you can take to prevent high blood pressure: **1. Keep your weight at a healthy level; 2. Eat a healthy diet; 3. Limit on salt intake; 4. Limit on alcohol; 5. Don't smoke; 6. Get regular exercise; and 7. Don't let stress build up.**

Third misconception: **It's OK as long if one number is normal.** Your blood pressure is composed of two numbers, one of which is written on top of the other. The top number is called systolic blood pressure. This represents the force of blood through your vessels during your heartbeat. The bottom number is called diastolic pressure. This represents the force of blood through your vessels in between heartbeats, or while your heart is resting or in relaxation. **If either of your blood pressure readings is consistently above normal, then you have to take action right away. Persistent high blood pressure can cause damage to organs in your body.**

Fourth misconception: About the treatment plan itself. People who have uncontrolled hypertension begin to 'shop for doctors'. They also have poor compliance to medicines. They are hardheaded and refuse to submit to 'lifestyle changes and modifications'. **Follow your doctor's advice. Keep up with the Dietary Approaches to Stop Hypertension (DASH) diet plan.** That is: more fruits and vegetables and less fat on your daily foods. **Control your weight and exercise daily. Avoid tobacco and alcohol. Medicines may include one or in combination with another medicine.** Trust your doctor.

Fifth misconception: Treatment does not work. Unknowingly, the problem is with you. **Work closely with your doctor for him to develop and fine-tune a comprehensive program to manage your high blood pressure. Check your blood pressure as often as recommended by your doctor. Follow treatment plan consistently. Visit your doctor for follow-ups.**

PREVENTING ALZHEIMER'S

Elias D. Adamos, M.D.

"Grow old with me! The best is yet to be." **Robert Browning (1812 – 1889), English poet and playwright**

When two separate news items on different timelines, but pertaining to the same subject matter of Alzheimer's, labeled on the late former U.S. President Ronald Reagan and the country music superstar Glenn Campbell, I felt that the disease is one of the biggest concerns many of us think about when we get older. While you might have thought of expecting the worse and hoping for the best; crossing your fingers that fate might spare you from Alzheimer's, research have shown encouraging results on the prevention of disease through healthy lifestyle changes. Harvard Medical School came out with these five steps to prevent Alzheimer's.

Five steps in Alzheimer's prevention

1. Maintain a healthy weight. Cut back on calories and increase physical activity if you need to shed some pounds.
2. Check your waistline. To accurately measure your waistline, use a tape measure around the narrowest portion of your waist (usually at the height of the navel and lowest rib). A National Institutes of Health panel recommends waist measurements of no more than 35 inches for women and 40 inches for men.
3. Eat mindfully. Emphasize colorful, vitamin-packed vegetables and fruits; whole grains; protein sources such as fish, lean poultry, tofu, and beans and other legumes; plus healthy fats. Cut down on unnecessary calories from sweets, sodas, refined grains like white bread or white rice, unhealthy fats, fried and fast foods, and mindless snacking. Keep a close eye on portion sizes, too.
4. Exercise regularly. This simple step does great things for your body. Regular physical activity helps control weight, blood pressure, blood sugar, and cholesterol. Moderate to vigorous aerobic exercise (walking, swimming, biking, rowing) can also help chip away total body fat and abdominal fat over time. Aim for 2 1/2 to 5 hours weekly of brisk walking (at 4 mph). Or try a vigorous exercise like jogging (at 6 mph) for half that time.
5. Keep an eye on important health numbers. In addition to watching your weight and waistline, ask your doctor whether your cholesterol, triglycerides, blood pressure, and blood sugar are within healthy ranges. Exercise, weight loss if needed, and medications
