Dear Fellow Manila Rotarians,

Last week, we were enlightened on the advantages of social networking and social media with an out-of-the-box way of presenting Facebook to all of us by no less than its Country Director, Mr. John Rubio. Indeed, his presentation, indirectly, taught us how to deal with the ever growing millennial mind-set.

In the International Relations front, I wish to congratulate our Rotary Club of Manila delegations to both the 49th Anniversary Fund Raising Ball of the Rotary Club of Kowloon East and the 70th Charter Anniversary of the Rotary Club of Taipei. Your attendance at these occasions, presented, not only, unique opportunities for Rotarians from our sister clubs to join us in our centennial culminating activities, but, likewise, created avenues to foster lasting goodwill with Rotarians from around the world.

In the Fellowship front, the much awaited occasion of the year is at our doorsteps. In this regard, I wish to announce that our Christmas Party will take place on December 13, 2018, 6:00 pm at the Grand Ballroom 3, Coral Wing Lobby of OKADA MANILA in Parañaque City. For Php 2,500.00 you get the chance to enjoy a sumptuous dinner and the privilege to dance the night away to the music of Marcy David and his Band while having the chance to win exciting raffle prizes donated by our members. Let us all attend and share Christmas cheers with everyone as a break from our busy centennial year.

In the Centennial projects front, updates on our various projects will be discussed in detail today during our RCM Town Hall Meeting as it is our mandate to apprise our members of what is happening and how they can participate towards the success of these endeavors.

Today, we take a break from our speakers' row and tackle important matters pertaining to our club as we approach our centennial culminating activities. Rest assured, your voice on these matters will be held with high regard as the success of all our undertakings are anchored on your whole-hearted support.

Undoubtedly, these are colossal undertakings entailing our unwavering commitment in furtherance of Service Above Self. Indeed, great things in Rotary are never done by a single individual, but, by a team of Rotarians, moving together towards a common goal. Under ONE CENTURY, towards ONE MISSION and in furtherance of ONE ROTARY, the best is yet to come. Let us all BE THE INSPIRATION in all that we do as we continue to adhere to the fundamentals of Rotary in living our everyday lives.

IS FOOD SUPPLEMENT SAFE?

(A Closer Look 3)

Elias D. Adamos, M.D.

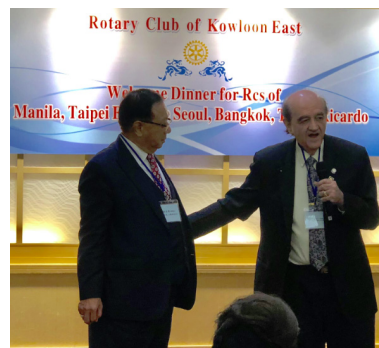

This article identifies the remaining “declared unsafe” ingredients found in food supplements per peer-reviewed research conducted in the United States.

- Germanium, used for pain, infections, glaucoma, liver problems, arthritis, osteoporosis, heart disease, HIV/AIDS, and cancer, but linked to kidney damage and death.
- Greater celandine, used for upset stomach, irritable bowel syndrome, liver disorders, detoxification, and cancer, but linked to liver damage.
- Kava, used for anxiety (and is possibly effective, according to Consumer Reports), but linked to liver damage.
- Lobelia, used for coughs, bronchitis, asthma, smoking cessation, but linked to toxicity, with overdose linked with fast heartbeat, very low blood pressure, coma, and possible death.
- Yohimbe, used as an aphrodisiac, for chest pain or diabetic complications, depression, and erectile dysfunction (and possibly effective, according to Consumer Reports), but linked to high blood pressure and rapid heart rate at usual doses and at high doses linked to severe low blood pressure, heart problems, and death.

Beware of excessive amounts. One of my “inaanak” came by not for her Christmas aginaldo but for my expert opinion and advice on a vitamin supplement she has been taking. The vitamins are U.S.-made. I found the vitamins basically safe except for the excessive amount of vitamin A that is included as an ingredient. Vitamin A is one of the non-soluble vitamins. It is good for the eyes and the skin. It is also good for the lungs, more especially in children. However, our body needs just a few amount of vitamin A. It is stored in the body and is not excreted in the urine. Excessive amount of vitamin A in the body can lead to chronic vitamin A poisoning.

Read labels and do some research. In another story shared by a Tennessee man who took a supplement and suffered from diarrhea, joint pain, hair loss, lung problems, and had his fingernails and toe nails fall off; detailed study on his case and an inspection of the supplement he has taken, concluded that the manufacturer had more than 200 times the labeled amount of selenium and up to 17 times the recommended intake of chromium.

I once worked as a physician in a can-making factory. I remember the slogan posted on the machinery line. It says: “Safety first.” It goes true with food supplements.

The Search for The Outstanding Workers of the Republic (TOWER) Awards was founded in 1975 by the Rotary Club of Manila as an annual search for outstanding "blue collar" workers of the country. Subsequently, it included in its coverage "white collar" (non-supervisory) workers. It aims to recognize the contributions to economic development of the legions of skilled workers who constitute the backbone of our country's manpower capacity. The awards program transcended the confines of a Club's concern because of its nationwide reach and significance in uplifting the Filipino workers' morale and social status leading to greater prestige at the workplace – to the entrepreneur / employer and the colleagues, to the family and the community while enhancing individual career opportunities and promoting industrial peace.

UPDATES ON CENTENNIAL PROJECTS ROTARY'S HEART FOR LITTLE ANGELS

Latest Update:

Hearts for Little Angels - Getting back on track

Where we started

Project was brought to RCM by Lance Masters through his cooperation with Joyce Alumno and Save the Little Heart project supported by Indian donor Dr Moopen. This project was focused on support of individual patients which were referred to project members individually and team was individually trying to support these applicants. If there was cheaper solution to bring the patient to India, it was done that way like in case of Joneil.

We included project to the list of Centennial projects and Obet was assigned as project Chairman. Since Lance and Obet were on long term leave from the club activities due to personal and family health issues, project needed a new impulse. To move forward we restructured Project Committee that consist of following members (In brackets are main responsibilities of committee members):

Chairman - Zdenek Jankovsky (Fundraising and Communication with patients and hospitals), Deputy Chairman – Rosel Doval Santos (Communication with patients and hospitals), Co-Chairman - Oscar Del Rosario (RCM internal communication), Co-Chairman Lance Masters (RI Grant and Foreign relations), Members – Johnny Chotrani (Fundraising and Foreign relations), John Michael Cutter (Communication with patients), Ludek Vrana (Legal).

It was initial intention of the Hearts for Little Angels committee, to identify patients that needs support and help them individually. Unfortunately, this process has few issues.

Project Concerns

1. Project resources - Committee would need to communicate with applicants, support them in the process of application for PhilHealth support, PCSO support, communicate with hospitals ... This requires medical knowledge and detail understanding of legal process for application for other charity sources. We don't have these resources, this is not scalable process.

2. Legal risks connected with "recommendation" for patient to undergo open heart surgery. Unfortunately, some of the conditions are so complicated that some of the patients do not survive.

3. Skipping the line – There is no need for Rotary or other organizations to source for the patients and try to help sourced patients to skip the line. Doctors from the hospitals do not appreciate this skip the line approach. There are hundreds or thousands of kids that are waiting for their surgery in PHC, PGH and NCH. Surgery of life threatening conditions like Tetralogy of Fallot (ToF) or Ventricular Septal Defect (VSD) cost 400.000 – 750.000. If patient can cover the surgery, he/she will be accommodated in matter of days, if he/she can secure funding for the part that is above PhilHealth support (in case of ToF it is around 300.000) he/she can be accommodated in 1-2 months, charity patients are waiting for 2 years or even more. And also those in charity line need financial support for the last mile. We should support those who need it most based on professional assessment of doctors in the hospital and not push someone to skip the line because they learned about our project.

4. Rotary brand with cardiologist – Another issue we unfortunately face is the brand that Rotary clubs have built with hospitals. Many people came to them in the past and offered help, take pictures with kids and come back with a little help at the most and very fast disappear. Which disappointed those who were trying to cooperate in the past.

New Project Set up

Thanks to support from Rtn Rosel we got in touch with Dr Jonas Del Rosario from Philippine General Hospital (PGH) who helps Zdenek to persuade PGH cardiologists and surgeons that RCM is here to really help those in need. We are setting up process that will be supporting those who need help most. RCM should focus on fundraising and review of support allocated by PGH from funds donated by the club. PGH will offer help from RCM to those patients that need it most based on decision of the cardiologist of PGH within budget and eligibility requirements of RCM. PGH will provide regular reports (at least after every 500.000 PHP spent) to RCM how the funds were used. Should there be some deviations from our expectations, it needs to be corrected for future batch or help might be put on hold. Reports per patient will be signed by parents/guardians of the patient and accompanied by photos of the child and approval for including the story of the child on www.littleheart.ph and other official materials of RCM.

Pilot of the new process

Zdenek decided to pilot this process with PGH and provided personal donation of 100.000 PHP for this stage. First patient receiving the support is Amer Balangue from Marawi.

PGH and National Children Hospital (NCH) also have Zdenek's phone number and they call in emergency cases when patient needs to raise last minute some type of blood.

1. Daniel – 2 y/o now healthy boy from Kalibo – B+ which Home Credit employees delivered to NCH

2. Jaden – 5 months old who unfortunately passed away few days after surgery – B+ which Home Credit delivered to NCH

Rtn. Zdenek Jankovsky attended the club meeting of the Rotary Club of Prague Platinum last November 30, 2018 at Prague, Czech Republic. This serves as his make up.

The Board of Directors for RY 2018-2019 held its Regular Meeting last November 29, 2018 at the Library Room of Manila Elks Club in Makati City where important matters were discussed.

3. Liam – 9 y/o now doing well after surgery from Kalibo - AB+/B+/O+ which Home Credit donated to PGH

4. Thara – 8 y/o getting her surgery on December 5 from Zamboanga – A+ which Home Credit delivered to NCH

We are now preparing project for creating a blood bank for RCM beneficiaries from Home Credit employees' donations.

Project Future - PGH

1. Signing of MOU with PGH that defines eligibility criteria for utilization of the support

2. 1st stage of raising funds to add on top of personal donation from Zdenek and provide first 500K as deposit to PGH for the first stage of the project. Majority of this was already raised internally from personal donations of members

3. 2nd stage of fundraising – Contact potential major donors with solicitation letters.

4. Find some foreign Rotary club to join RCM for Global grant application

5. Prepare Global grant application to multiply funds raised locally

Project Future – PHC/NCH

Once we are up and running with PGH in smaller scale we try to onboard also Philippines Heart Center (PHC) and NCH which are now reluctant to cooperate with us.

1. Depending on result of 2nd stage of fundraising with PGH we can decide to extend some of the extra funds raised for PGH project to reallocate to PHC/NCH

2. Enter to similar project as with PGH

3. Additional fundraising activities and application for RI global grant to follow.

Amer (10 y/o - Marawi)

Thara (8 y/o - Zamboanga)

SPANISH-PHILIPPINE TIES THAT HAVE SHAPED ROTARY CLUB OF MANILA HISTORY

As we reminisce the past 100 years of Asia's First Rotary Club, we cannot help, but, recognize and appreciate events of past that have made our bonds stronger with the passing of time. Indeed, the conferment of an Honorary Doctor of Laws degree by then University of the East Law Dean DE/BLA Amado “Amading” Valdez on the visiting Spanish Supreme Court Chief Justice through coordination with Rtn. Pepe Rodriguez, then, Director of Instituto Español, way back in 2010, immensely enhanced Spanish-Philippine relations in Service Above Self. Truly, treasured moments worth a trip down memory lane.

Dear Fellow RCMers,

As you well know, our Centennial Year is upon us. In the past few years leading up to the present, your club leadership has planned and prepared several projects and events befitting this milestone in the history of our prestigious club. During the Town Hall Meeting last August 9, 2018, these activities were presented and broadly discussed. The responses of our members afterwards were inspiring. They want to do their share in making our centennial celebrations truly memorable, not only for RCMers but also to all Rotarians of the Philippines and of Asia. Indeed, in various district functions recently, other Rotarians from all over the country have also expressed their enthusiasm in joining us in the celebration of 100 years of the Rotary movement in this part of the world. They are just waiting, in their own words, for the Rotary Club of Manila to lead them.

It is it time therefore, for us to take the challenge of leading our fellow Rotarians. And for us to do this effectively, the participation of each RCM member is needed. Attached is the list of our centennial committees and their projects. Also provided is the Program of Activities for the Centennial Week. I urge you to volunteer your participation in any of the activities. Together, we can attain greater achievements for our club!

Please indicate the committee(s) / event(s) that you are joining.

Yours in Rotary,

Pres. Susing Pineda
