Dear Fellow Manila Rotarians in Growth,

Welcome to the Eighth (8th) Weekly Membership Meeting on Zoom.! May God continue to bless, protect, keep us safe, positive and inspired.

We have to be consistent in what we do to achieve greater heights while continuing to help the needy, the sick, the oppressed and, especially, the street children. We are Rotarians and we have to implement and protect our core values and what we stand for.

We thank the Rotary Club of Cebu for their wonderful cooperation and support to our Club. We are looking forward for joint projects to ensue. We thank PP Roy Lotzof for his sharing on the Four Way Test and how to reduce the cost of electrical consumption with zero investment while getting a percentage of the savings from the owners of factories, hotels, warehouses, colleges, universities, resorts, and others. Since our electricity is second highest in Asia, it is expected to get a positive response from the owners.

We are encouraging members to read carefully what we are sending as we want to be very transparent. Should there be any questions kindly email the Board. We shall be looking forward to your queries.

We thank the members who have contributed for ES Anna Toledo who is fighting for her life against the Covid-19. We are hoping that all RCM Members will contribute to the fund. Any excess shall be used for our employees who may need assistance from us. We shall get the approval of the Board and appoint a few members to be in charge of the fund.. PP Boy Guevara has agreed to be one of the members since he suggested this great proposal. Thank you PP Boy Guevara.

I thank the team led by Chair and PVP Hermie Esguera, ES Ana Toledo, PVP Chito Zaladarriaga, Star Rotarian Toby Rast, Director Albert Alday, PP Susing Pineda, BLA Amading Valdez. IPD Issam Eldebs and our technical team of Executive Assistants. Our Zoom Meeting has been improving every week. Our Classification Speakers have been well received and much appreciated.

I salute the officers and members of the Executive Board and the Ethics Committee for contributing significantly to protect and promote the non-partisan and non- sectarian ethical standard of the Four Way Test We expect all members to agree and support Rotary's ideals and guiding principles with high ethical standards in business and the professions as an opportunity to serve society. We reiterate for every Rotarian to work with integrity and contribute their expertise to the problems and needs of society.

We shall be inviting more members to get involved and choose any of five (5) Avenues of Service. It is easy to participate since you will be contributing while in the comfort of your home. This will be an opportunity to help the community and meet other members through Zoom. We intend to invite the past presidents led by Archib Bartolome to sponsor a webinar once every six (6) months or every quarter.

During this pandemic, we have to be more appreciative, understanding and patient as millions of our countrymen are suffering because of fear of death, loss of jobs and not having money to feed the family. I heard that many are depressed and require assistance from professionals.

We pray that airlines, hotels, resorts and transportation will be able to resuscitate when the time comes as billions have been lost. We pray for our government to be able to afford granting the poor and the jobless assistance and financial support.

As Rotarians we have to fervently uphold the Four Way Test and live with integrity. We cannot allow anyone to be a threat that may be inimical to the existence of RCM.

Thank you and Mabuhay! May God bring prosperity, peace, harmony, happiness, good health and long life!

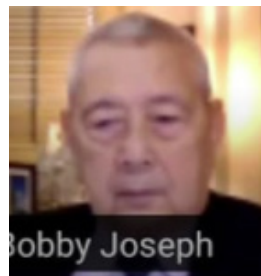

Your Servant President,

Robert "Bobby" Lim Joseph, Jr.
President
RY 2020-2021
(101st President)

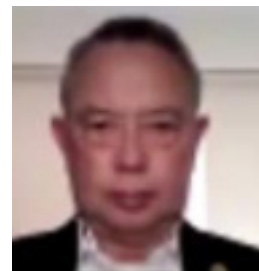

"Life becomes simple when you love God.

FROM THE TREASURER

Dear Fellow Manila Rotarian,

With the rapid rise in CoVid-19 cases, it is unfortunate that our beloved Executive Secretary Anna Kun Toledo was not spared from the onslaught of this global pandemic. Last August 8, 2020, she was confined at the De Los Santos Medical Center in Quezon City and was transferred recently to the Philippine General Hospital in Manila. As you all are aware, hospitalization for such disease costs a fortune in the light of medical equipments and medicine needed for complete recovery. Hence, we appeal to your generous hearts for any donation you could extend. She has served our club well with her dedicated service for many years. As such, she deserves our love and support in these difficult times in her life. Towards this end, the following club members have responded to our call for pledges for her CoVid-19 hospitalization and other medical expenses as of 1:52 pm of August 19, 2020:

FROM THE PROGRAMS COMMITTEE

Dear Fellow Manila Rotarians,

In line with our resolve to rekindle the Rotarian spirit in each of us, today, we shall have Sister Corrie Evidente, Administrator of Hospicio de San Jose, our partner institution in Service Above Self, who will be introduced by our hard-working Special Children Committee Chair Past Director Phil Ong, to update us on our club's projects with them, namely, RCM's Humanitarian Projects and the Hospicio de San Jose Cerebral Palsy Building Project. Likewise, we will have our club nomination of candidates for Board of Directors for RY 2020-2021 as today's Weekly Membership Meeting promises to be an exciting one.

Join us and see the Rotarian in you grow as we endeavor to give you relevant and exciting speakers who will bring us closer to the tenets of Service Above Self.

Yours in the service of Rotary,

IPVP HERMINIO "HERMIE" S. ESGUERRA

Dear Fellow Rotarians,

An Opportunity has now opened doors for our club to be a 100% Paul Harris Club. With only US\$ 500.00 as a beginning contribution, you can now become a Paul Harris Fellow.

We have members who have risen to donor levels that have earned them significant point values. Our fellow members led by IPP Jackie Rodriguez, PDG Alex Cureg, IPVP Hermie Esguerra, PDG Rudy Bediones and PDG Obet Pagdanganan have indicated their willingness to share the points they have earned to allow Rotarians to be enrolled in the Roster of Paul Harris Fellows for only an initial contribution of US\$ 500.00 instead of the regular US\$ 1,000.00.

Contributions can easily be made by enrolling in www.rotary.org using your R.I. Identification Number. Once enrolled, you are allowed to learn Rotary, increase your circle of friendship and contribute conveniently using the website.

We, Rotarians, belong to a global family of service-oriented people who believe that our congregation is a means to share our blessings to the less fortunate communities globally. The Rotary Foundation is the funding arm of global humanitarian undertakings of Rotary International. It was formally named in 1917 and the first trustees were appointed after Rotary International President Arch Klumph proposed for the establishment of an endowment for the purpose of doing good in the world. The first grant of US\$ 500 benefitted the International Society for Crippled Children (Easter Seals). History marks the milestone projects of The Rotary Foundation such as a scholarship for international graduate study, the elimination of Polio worldwide, the initiation of a World Peace Forum, among others. Under the Rotary's 7 Areas of Service Focus, namely, Peace and Conflict Prevention/Resolution, Disease Prevention and Treatment, Water and Sanitation, Maternal and Child Health, Basic Education and Literacy, Economic and Community Development and lastly, Supporting the Environment, Rotary International and The Rotary Foundation have made themselves relevant to developing communities globally.

All these services would not have been made possible if not for the generosity of Rotarians, who voluntarily enlisted themselves to become members of The Rotary Foundation through a minimal contribution of US\$ 1,000.00.

We are currently working on a Global Grants for Covid-19 and other community-related projects. Your contribution will significantly improve the community living of our target beneficiaries.

For any assistance, please feel free to contact me.

Yours in the service of Rotary,

ROMEO THADDEUS LIAMZON

ROTARY HISTORY

How Rotary's emblem evolved

Rotary Club of Chicago emblem, circa 1906.

The Rotary wheel, unchanged since 1924, was redesigned many times in the early years of the organization.

A Rotary Club of Chicago emblem that featured a wagon wheel influenced early logos of other clubs and Rotary International.

Early club emblem

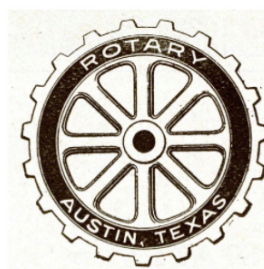

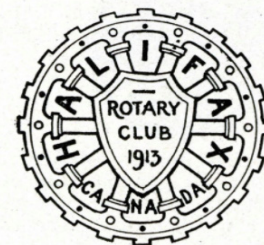

In 1905, Montague M. Bear, an engraver and member of the Rotary Club of Chicago, sketched a wagon wheel with 13 spokes as a club emblem. When fellow club members began to complain that the design was static and lifeless, Bear added flourishes that made the wheel appear to ride on a bed of clouds. Unfortunately, some members felt the clouds looked like dust, defying the laws of physics by being kicked up on both sides of the wheel. Bear responded by superimposing a banner with the words "Rotary Club" over the clouds.

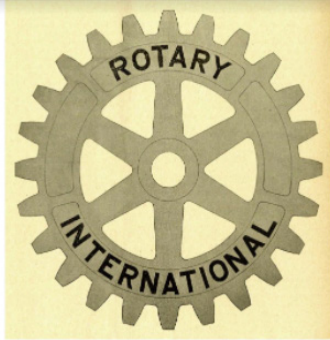

Early association emblem

In 1911, Secretary Chesley R. Perry recommended that "action be taken by the National Association to establish the wheel as the basic part of the emblem of every Rotary club." Clubs were invited to submit designs to an emblem committee before the 1912 convention in Duluth, Minnesota, USA.

The Duluth convention provided some definition. "The emblem consists of the basic principle of a wheel with gears cut on the outer edge. ... The spokes are to be so designed as to indicate strength; the object of the gears, or cogs, being two-fold: First to relieve the plainness of the design, and Second, to symbolize power."

The word "Rotary" appeared at the top and "International Association" at the bottom. (Rotary became an international organization in 1912.) Clubs were encouraged to use a similar design, placing the name of their city at the bottom instead of "International Association." The number of spokes and cogs was unspecified. As a result, many variations on the emblem were in use by 1918.

Oscar Bjorge's design for the Rotary emblem, as published in the January 1920 issue of *The Rotarian*.

A standard emblem

To address the growing number of emblems, the Board appointed Charles Mackintosh, of the Rotary Club of Chicago, Illinois, USA, and Oscar Bjorge, of the Rotary Club of Duluth, Minnesota, USA, to the committee charged with standardizing the Rotary emblem.

Bjorge drafted an emblem with six spokes and 24 cogs, giving it a sturdy appearance. In this design, the number of teeth and spokes was intended to reflect a real, working gearwheel. The number of spokes and cogs did not reflect any specific aspect of Rotary's history or its programs, and this is still true today.

In November 1919, the Board adopted Bjorge's design and a detailed description, and the 1921 convention formally approved them. For many years, descriptions of the emblem simply referred to an article called "Redesigning the Rotary Wheel" in the **January 1920** issue of *The Rotarian*, which announced the Board's decision.

Source: www.rotary.org

By 1924, Bjorge's design had been modified to include a keyway. This addition has been attributed to Will R. Forker, of the Rotary Club of Los Angeles, California, USA. He was reported to have said Bjorge's design made no provision for the transfer of power to or from a shaft, rendering the wheel idle. Forker perceived Rotary as a "living force," and inserting a keyway into the hub made the new wheel a "real worker."

In January 1924, the Board formally approved the emblem that was then in use. Not all written descriptions were updated immediately, however. To clear up any confusion caused by the various decisions about the emblem between 1912 and 1929, a standard description of the existing design, with a keyway, was approved by the 1929 convention.

A mark of excellence

The Rotary emblem today.

For many years, the wheel stood alone as our logo. Although the words "Rotary International" are embedded in the wheel, they're hard to read from a distance. So in 2013, Rotary expanded the official logo to include the word "Rotary" next to the wheel.

The Rotary wheel remains our mark of excellence. In addition to being part of the official logo, it may be enlarged for greater impact and used separately but near the logo.

Using the emblem

The Rotary emblem, like Rotary's name and other logos, is a registered trademark. Clubs, districts, and Rotary Entities are welcome to use the Rotary emblem subject to the guidelines for the use of the Rotary Marks as set forth by the RI Board of Directors. These guidelines govern the use of the Rotary Marks on all merchandise, promotional materials, and publications, including domain names and websites.

For current guidelines on size and placement, see Rotary's [voice and visual identity guidelines](#). Clubs can download the logo and find templates to create club logos in our [Brand Center](#).

We convey our sympathies to the family of our fellow Rotarian Alfredo "Fred" Lim, who passed away last August 8.

Fred Lim served our country with great distinction as police general, National Bureau of Investigation chief, local government secretary, senator, and mayor of Manila where he captured the Filipino people's imagination with his no-nonsense approach in combating illegal drugs and criminality.

Fred was the fifth former Philippine senator who died during this pandemic period. The other senators who recently passed away were Heherson "Sonny" Alvarez, Ramon Revilla Sr., Tessie Aquino Oreta, and Eddie Ilarde.

Fred and we, and eight others, ran in the 1998 presidential elections, where our friend, then Vice President Joseph Estrada, won. Like President Estrada and we who have remained friends up to this day, Fred and we maintained our respect for each other. We always exchanged pleasantries whenever we saw each other, especially at the regular meeting of the Rotary Club of Manila where we are both long-time members.

Fred Lim was a humble and soft-spoken man and a devoted public servant. We in the Rotary Club of Manila and the Filipino people will certainly miss him.

Alfredo Siojo Lim died at 90, leaving behind legends of his colorful life, from a poor orphaned boy to an exemplary policeman and public servant. His career in the PNP and in public service as mayor and senator has been extolled. He deserves all of the tributes.

I first heard about Fred Lim when my younger brother Benjie Munson, a DZRJ disc jockey, was shot by three drug-crazy men in January, 1972.

They gate-crashed the concert Benjie staged with his friends, the Juan de la Cruz band, at PWU on Taft Avenue. In the middle of the concert one came up to the stage and tried to get the mike. Benjie followed him and politely led him away. The intruder and his two companions left the compound.

When they were packing up, the three troublemakers came back. One pretended to pick a fist fight with Benjie. He obliged and put up his fists, towering at six feet and three inches against the puny interloper. This was when the second companion behind him fired three shots at Benjie. One bullet penetrated his back and his heart. He collapsed but picked himself up, struggling out to hail a cab alone. At PGH they performed emergency surgery but the damage was too much. He died on the operating table.

The killers it turned out were related to military men and the gun used was owned by an uncle of one of the boys. Then they fled to the hills of Rizal.

Enter the NBI director Alfredo S. Lim, then the NBI chief, who was determined to rid the city of crime. Grimly he led the chase, hauling in the three criminals in days later. The military court tried the case. They were found guilty, sentenced to death by firing squad but all escaped, thanks to their connections. Last we heard, two had fled to the US.

Fred Lim remained a family friend. His exploits as Dirty Harry were impressive and even my late mother Paz was his big fan. He really meant it when he told people, like my colleague Julie Yap Daza whom he respected a lot, "If you need help, a policeman will always help you!"

True enough, no call to him to quiet down istambays or street fights in our neighborhood in Paco was ever ignored! His ram-rod stance, piercing chinito eyes, and quiet, firm demeanor were deterrents in themselves. He did not curse, or perorate. He spoke from his heart and with conviction. He also became superintendent of the PNP Academy in Silang and, during his time, he ruled out violent hazing.

His method of wiping out criminals was swift justice. His exploits were stuff made for action movies. Once, I remember someone suggested to President Cory Aquino to get the help of Dirty Harry in dealing with an undesirable suitor of her daughter Kris Aquino. Immediately the president said, "No, no. Don't, call Fred!" Lim would have had a solution. Tita Cory disliked the suitor but she didn't want Lim's justice on him.

When the coups against President Cory came, Fred Lim was chief of police. He was one of the first responders in the middle of the night, bringing his trusted men to the palace. They stayed until the coup fizzled out. Dirty Harry made a very good impression on President Cory as a principled man. He would defend democracy with his life if called for. So much so that in the elections after FVR's term, she refused to endorse anyone, not Erap or her friend, Jose de Venecia. To our surprise, she endorsed Fred Lim as her candidate. No one gave him notice as a presidential candidate!

But Cory had decided so we all fell behind her to support the ragtag campaign. Lots of volunteers, but no funds. Lim took it in stoically. He had Ninoy Aquino's sister Lupita Kashahiwara as media adviser on Cory's advice, which included reluctant vice-presidential candidate Sergio Osmena and Buddy Gomez, Adolf Azcuna, and Gem Carague, whom Cory drafted to join Lim's senatorial lineup.

On the campaign trail, I had the chance to observe Lim closely. Disciplined to the bones, ever the gentleman, he never spoke ill of his opponents. Our candidate lost, but Cory was happy. She had a clean candidate.

When Lim became senator much later, I had hope he would stay, but his heart was for the city of Manila. He won two elections as mayor, only losing to the actor Estrada. But as mayor he was unforgettable. He bravely branded drug dens and homes of drug lords with the a big red "X" on their doors or gates. He closed down the honky-tonks in Malate. He vowed to make the city "clean and respectable." No one protested human rights violations!

When asked what the secret was for his long, happy life at the Rotary Club of Manila, for which he had a soft spot, Lim answered simply, "My secret in longevity is not to harbor any ill feelings toward any of my fellowmen!"

Lim was a true friend to the members of our media group, Bulong Pulungan. He would come when invited and, sometimes, ask us to join him for lunch at one of his favorite Chinese restaurants in Escolta or Binondo. One Christmas in Bulong, he brought along his handsome vice mayor, Francisco Domagoso. "The next mayor of Manila!" he said, introducing the shy "Isko," a prophecy come true.

"Yorme" shed tears when he announced Lim's passing and ordered the flag at City Hall at half-mast the whole month of August and the lights of the seat of power out too.

Sleep well, Mayor Fred Lim. You deserve heavenly rest!

NUTS N' BALLS

Gotta Love Old People

A doctor that had been seeing an 80-year-old woman for most of her life finally retired. At her next checkup, the new doctor told her to bring a list of all the medicines that had been prescribed for her. As the doctor was looking through these his eyes grew wide as he realized Grandma had a prescription for birth control pills.

"Mrs. Smith, do you realize these are birth control pills?"

"Yes, they help me sleep at night."

"Mrs. Smith, I assure you there is absolutely nothing in these that could possibly help you sleep!"

She reached out and patted the young doctor's knee and said, "Yes, dear, I know that. But every morning, I grind one up and mix it in the glass of orange juice that my 16-year-old Granddaughter drinks. And believe me it definitely helps me sleep at night."
You gotta love Grandmas!

A man was riding on a full bus minding his own business when the gorgeous woman next to him started to breast-feed her baby. The baby wouldn't take it so she said, "Come on sweetie, eat it all up or I'll have to give it to this nice man next to us." Five minutes later the baby was still not feeding, so she said, "Come on, honey. Take it or I'll give it to this nice man here." A few minutes later the anxious man blurted out, "Come on kid. Make up your mind! I was supposed to get off four stops ago!"

Students in an advanced Biology class were taking their mid-term exam. The last question was, 'Name seven advantages of Mother's Milk.' The question was worth 70 points or none at all. One student was hard put to think of seven advantages. He wrote:

- 1) It is perfect formula for the child.
- 2) It provides immunity against several diseases.
- 3) It is always the right temperature.

- 4) It is inexpensive.
 - 5) It bonds the child to mother and vice versa.
 - 6) It is always available as needed
- And then the student was stuck. Finally, in desperation, just before the bell rang indicating the end of the test he wrote:
- 7) It comes in two attractive containers and it's high enough off the ground where the cat can't get it.
- He got an A+.

A woman and her 12-year-old son were riding in a taxi in Detroit. It was raining and all the prostitutes were standing under awnings. "Mom," said the boy, "what are all those women doing?" "They're waiting for their husbands to get off work," she replied. The taxi driver turns around and says, "Geez lady, why don't you tell him the truth? They're hookers, boy! They have sex with men for money."

The little boy's eyes get wide and he says, "Is that true Mom?" His mother, glaring hard at the driver, answers "Yes." After a few minutes the kid asks, "Mom, if those women have babies, what happens to them?" She said, "Most of them become taxi drivers."

An elderly, but hardy cattleman from Texas once told a young female neighbor that if she wanted to live a long life, the secret was to sprinkle a pinch of gunpowder on her oatmeal each morning. She did this religiously and lived to the ripe old age of 103. She left behind 14 children, 30 grandchildren, 21 great-grandchildren, five great-great-grandchildren and a 40 foot HOLE where the crematorium used to be.

Quotes on Life by PP Frank Evaristo

- 1.) "Success is not final failure. Failure is not fatal. It is the courage to continue that counts." - Winston Churchill
- 2.) "Life humbles you as you age. You realize how much time you wasted on nonsense."
- 3.) "Rotary changes us and those we serve! I believe we can change the world, one life at a time." - Paul Harris
- 4.) "Why I don't complain much, true to the ancient Chinese saying, better to light a candle than to curse darkness".
- 5.) "Not all of us can do great things. But, we can do small things with great love." - Mother Teresa
- 6.) "No matter what obstacles you face in life, always remember never give up."
- 7.) "In the book of life, the only rules are; be nice, spread love and smile lots". - Latesh Ajmera
