

THE TWENTY-NINTH (29th) THE OUTSTANDING WORKERS OF THE REPUBLIC (TOWER) AWARDS

KABALITA

Many extraordinary accomplishments of ordinary non-supervisory blue and white collar workers are often taken for granted. Hence, Asia's First Rotary Club deemed it fit to honor the backbones of the Philippine economy in its legacy project that has brought the club to its finest hour. The tradition continues as Vocational Service is at its best.

TOWER AWARDS HISTORICAL FACTS

The “TOWER Awards”:

A Salute to All Useful Occupations and the Dignity of Fruitful Labor

The TOWER Awards, the country's top awards for skilled workers, was first launched jointly by the Rotary Club of Manila, the Ministry of Labor, now, the Department of Labor and Employment and the Trade Union Congress of the Philippines during the presidency of PDG Teofilo “Fil” Reyes in RY 1975-1976 with then Club Secretary Alberto “Bert” Romulo, the “Diamond Year” President as Project Chairman.

The presentation of the TOWER Awards was one of the highlights of the annual “LABOR DAY” observance with then President Ferdinand E. Marcos and First Lady Imelda Romualdez-Marcos.

A big boost to the TOWER Awards was the Rotary Club of Manila's successful sponsorship of Presidential Proclamation No. 1728 issued during the Presidency of Fr. Frank G. Reyes in RY 1977-1978. The proclamation declared the period from April 24 to 30, 1978 and every year thereafter as “EMPLOYER-EMPLOYEE WEEK” in the Philippines.

The TOWER Awardees, all lowly workers, but each excelling and outstanding in his or her own respective jobs, were presented to the public at the Labor Day Luncheon of the club last April 28, 1978 with Labor Secretary and Rotarian Blas Ople as Guest of Honor and Speaker. The awardees received a Cash Award of P1,000 per awardee. Cash prizes have, since then, increased throughout the years and there were certain years where their Nominators were given honoraria.

TOWER Awards Trophies were presented to the respective awardees last May 1, 1978, Labor Day, at the Philippine International Convention Center (PICC) by First Lady and Metro Manila Governor Imelda Romualdez-Marcos. President Ferdinand E. Marcos was the principal Guest of Honor and Speaker.

HISTORICAL BACKGROUND OF THE TOWER AWARDS

The TOWER (The Outstanding Workers of the Republic) Awards was founded in 1975 by the Rotary Club of Manila as an annual search for outstanding “blue collar” workers of the country. Subsequently, it included in its coverage “white collar” (non-supervisory) workers. It aims to recognize the contributions to economic development of the legions of skilled workers who constitute the backbone of our country’s manpower capacity. The awards program transcended the confines of a Club’s concern because of its nationwide reach and significance in uplifting the Filipino workers’ morale and social status leading to greater prestige at the workplace – to the entrepreneur / employer and the colleagues, to the family and the community while enhancing individual career opportunities and promoting industrial peace.

The nationwide project was suspended for several years, but was revived in response to the call to revitalize excellence and productivity at the workplace and energize collective skills of our workers for global competition.

Most recently, the borderless competition for labor effectiveness and efficiency with the dawn of globalization and the surge in information technology changed the work paradigm, the way we work and how companies operate. It gave rise to the decline in the industrial “blue collar” labor force which resulted in the rapid rise in the number of workers in the informal sectors as well as of white collar workers. The latter group “mushroomed” and dominated the information technology, telecommunications, banking, insurance, professional services, and even the manufacturing sectors.

To date, a total of more than two hundred (200) TOWER awardees have been recognized.

Through the years since its revival, the Rotary Club of Manila, together with the Metrobank Foundation, Inc., as well as the other cooperators and supporters, have worked together in recognizing work excellence, productivity and innovation that can spell the difference towards decent work and harmony at the workplace thereby preserving jobs and enhancing employment opportunities. Institutions and organizations like the Department of Labor and Employment, the Hotel and Restaurant Association of the Philippines (HRAP), the SOFITEL Philippine Plaza Manila Hotel, the Chinese Business Club, Inc., the Technological University of the Philippines, the Pamantasan Ng Lungsod Ng Maynila, the Central Colleges of the Philippines, the System Technology Inc. (STI) and other state colleges and universities in Luzon, Visayas and Mindanao, have supported and have continued to support the project. In like manner, the Presidential Communications Operations Office (PCOO) has supported and has continued to support the project.

HISTORICAL BACKGROUND OF THE TOWER AWARDS

In RY 2018–2019, during the observance and celebration of the 100 Years of the Rotary Club of Manila and the Rotary Movement in Asia, the club leadership and its members, deemed it fitting and imperative to stage a Centennial Edition of the TOWER Awards.

With the all-out support of the Rotary Club of Manila's main partners at that time, People Management Association of the Philippines and Petron, which provided technical expertise and financial assistance, respectively, Rotary Club of Manila's TOWER Awards Committee headed then by PP Benny Laguesma conducted information dissemination and nationwide search to encourage participation and nominations from all over the country.

To ensure the successful staging of the TOWER Awards, the Rotary Club of Manila has concluded Memoranda of Agreement with the People Management Association of the Philippines (PMAP), Petron Foundation Inc., the Department of Labor and Employment (DOLE) and the New World Makati Hotel during that centennial Rotary year.

After a one year hiatus at the height of the global pandemic where many industries have been pivoting, the search has resumed this RY 2020–2021 under Chairman Past President Jesus "Susing" M. Pineda, Jr. (President, RCManila Foundation, Inc.) and Co-Chairman Herminio "Hermie" S. Esguerra (Chairman, RCManila Foundation, Inc.) with the RCManila Foundation, Inc., the People Management Association of the Philippines, the Department of Labor and Employment and the Philippine Amusement and Gaming Corporation (PAGCOR) as its partners.

As the nation navigates the new normal in the wake of the global pandemic, it is, but, fitting that the heroic works of the unsung heroes of the workplace, who have displayed the kind of resilience that has made many industries survive the challenges to the Philippine economy, be brought to fore in this legacy project that has defined the finest hours of Asia's First Rotary Club.

PRESIDENT'S CORNER

Dear Colleagues in RCM,

Welcome to our Forty-First (41st) Weekly Meeting for RY 2020-2021. First and foremost, I thank everyone for all the prayers you offered for my speedy recovery. I am eternally grateful to God for healing me and for hearing all our prayers. Having spent years battling cancer, I know I can also survive this, another health challenge.

This pandemic is an unpleasant episode in our lives, but we must all continue to embrace positivity. I made use of my stay in the hospital to reflect deeply, reevaluate my life and assess my priorities. I realized more how precious our life is. I came out of the hospital as a stronger warrior, a better and transformed person.

During this pandemic, we all have experienced extraordinary changes. And what better thing to do than to quickly change and adapt to the rapidly changing situation? On a positive note, this pandemic has been a testament to just how resilient we are, how flexible and creative we can be just like our Transformational Term.

We have initiated and carried out several projects and activities not just to nurture ourselves as Rotarians, but more importantly, to serve the community. Guided by the Four-Way Test and inspired by the spirit of cooperation, we all embrace renewal, growth and involvement to help others and build a better world.

As transformational leaders, we have created a vision to serve humanity and contribute to the betterment of society. We thank each of you for transcending your self-interests for the benefit of RCM's goals and for acting as role models in attaining our vision. It is heartwarming to see how

our organization has been making its contribution to the spiritual and material well-being of our communities.

Thank you, Transformational Rotarians, for taking this journey with us. Thank you for your acts of kindness, your commitment and support to our projects, and your contributions to help those in need. We are also open to suggestions on how else we can help and be of service to others.

Life is precious. Be grateful for what we have and appreciate even the small things in life. Continue to be a blessing to others and remain devoted to serving humanity.

Congratulations to the six (6) winners of the TOWER Awards 2021 and thank you to our partners, benefactors, the assessors, the Board of Judges and the entire TOWER Awards 2021 Committee led by Chairman PP Susing Pineda and Co-Chairman IPVP Hermie Esguerra for the twenty-ninth (29th) staging of this legacy project of the Rotary Club of Manila!

CLUB ADMINISTRATION

From the Programs Committee

Dear Fellow Manila Rotarians,

With the many obstacles that have posed as challenges to the Philippine business, there are those in the non-supervisory ranks of the enterprise who continue their steadfast ways in holding fort, the unsung heroes of a nation's progress whom we are privileged to honor in The Outstanding Workers of the Republic (TOWER) Awards 2021.

Witness the backbones of the Philippine economy's rise to prominence as we recognize them in a legacy project that has catapulted Asia's First Rotary Club to the heritage club it is today.

Let's all witness them at seventh heaven, today, 12:30 pm on Zoom, May 27!

Very truly yours,

IPVP HERMINIO "HERMIE" S. ESGUERRA
Programs Committee Chairman
TOWER Awards 2021 Co-Chairman

STAR Rtn. Joaquin Pablo “Jop” Esquivias

Not Your Typical Lawyer

By Rhea Vitto Tabora

A distinguished *Iskolar ng Bayan*, STAR Rtn. Joaquin Pablo “Jop” Esquivias graduated cum laude with a double major in Business Administration and Accountancy from the University of the Philippines where he also earned his Juris Doctor degree with honors and a Dean’s Medal for Academic Excellence award.

While he excelled in academics, STAR Rtn. Jop was not sure if he wanted to be a lawyer when he was a kid. He actually had a bigger dream—to be the country’s president!

Driven by his ardent desire and strong commitment to serve the people, especially the marginalized, he joined organizations and engaged in activities benefitting the community. In 2018, STAR Rtn. Jop served as President of Junior Chamber International-Manila and initiated numerous socio-civic activities. Continuing his advocacy to help others, he now joins the Rotary Club of Manila.

On the professional side, STAR Rtn. Jop is a Partner at Esquivias Law Firm. He also serves as Chief Financial Officer and General Legal Counsel for Azta Urban Salon, Hanako Japanese Restaurant, Medica Industriya, Inc. and Sinag Consultancy Group.

Read on and get to know more about STAR Rtn. Jop—what motivated him to go into law practice, what legal practice areas he is into, and how he manages an extraordinary combination of responsibilities and industries. He also shares what would have been his profession had he not been a lawyer, who inspired him to become who he is today, and what he does during his free time.

STAR Rtn. Joaquin Pablo “Jop” Esquivias: Not Your Typical Lawyer

Rhea Vitto Tabora (RVT): Was it your dream to become a lawyer? What motivated you to go into law practice?

Joaquin Pablo “Jop” Esquivias (JE): I’m not sure. I think it was more of dreaming to be the President of the Philippines by being a lawyer that will help champion the causes of the marginalized. The thought of being able to significantly impact things or events through law motivates me the most.

RVT: What do you wish you knew about practicing law before you got into it?

JE: Maybe about how imperfect law is or can be; how it can be actually used to maintain injustice in certain situations or circumstances. And also, the frustration that comes with the “not so desirable” system or platform where the practice operates.

RVT: Which legal practice area are you into and why did you choose it?

JE: I mainly “practice” via the myriad of legal issues and concerns of my businesses – therefore, business, corporate and finance law. But I also do tax law as I am also an accountant and that’s where the influence of the family’s practice led me.

The many businesses he is engaged in

“

RVT: What do you like most about practicing law?

JE: The concept of delivering justice through it.

RVT: You have on your plate an extraordinary combination of responsibilities and industries—from law to retail, food, real estate and business consultancy. How do you manage all of these?

JE: This is true as it is quite overwhelming. I think I am able to manage all the various ventures I’m a part of through an effective management that we have invested a lot of time in training and developing. From the get-go, I would like to believe that we have established a culture of excellence that allowed us to focus as well on the growth of our people.

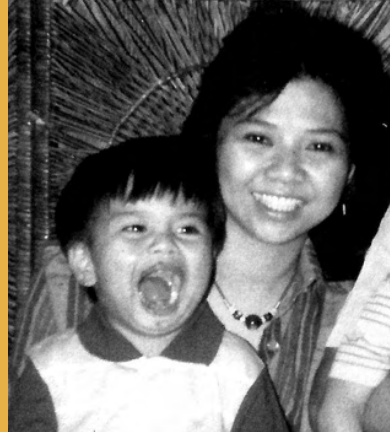

RVT: What do you think would you be doing if you were not at your current profession?

JE: A news reporter for CNN International or someone who works for the UN.

STAR Rtn. Joaquin Pablo “Jop” Esquivias: Not Your Typical Lawyer

RVT: Who inspired you to become who you are today? How did this person influence your life?

JE: My mother, who, incidentally, is not a lawyer, but has a heart of genuine service for people in all walks of life. I remember, vividly, whenever I go to the office with her that she would have different groups of people she has lunch or *merienda* with—from management to the office staff, to the service or maintenance crew—always asking what she can help them with.

Young Jop with his mom

RVT: As a previous JCI president and now a STAR Rotarian, how would you describe your experience and transition to RCM?

JE: The experience has been great so far, but of course there is still so much to learn and experience. Suffice to say that the “transition” has not been hard, or actually even felt that much. The two organizations, from a general standpoint, are quite fundamentally similar—in that the heart for service is at their respective cores.

*Left: With wife, Vicky (JCI Alabang Past President);
Top: With his siblings and Lola*

RVT: What is the most important thing that people should know about you?

JE: I think it should be my genuine compassion for people—for people around me, even strangers actually. This, coupled with my core belief that people are essentially good. Also, though life may not have always been kind nor easy, my sense of hope and optimism is always steadfast. I live by these values and principles because they propel me to do things that would leave the world better than I found it.

RVT: What do you usually do when you are not working?

JE: Prior to the pandemic, I travelled a lot. There’s a constant, deeply rooted need to learn and experience new things and see different people and places. But now, I watch a lot of documentaries on history, geopolitics, travel and technology. And just most recently, I’ve discovered the joy of biking and scuba diving.

BASIC EDUCATION AND LITERACY

Sinag-Aralan EduAKSYON

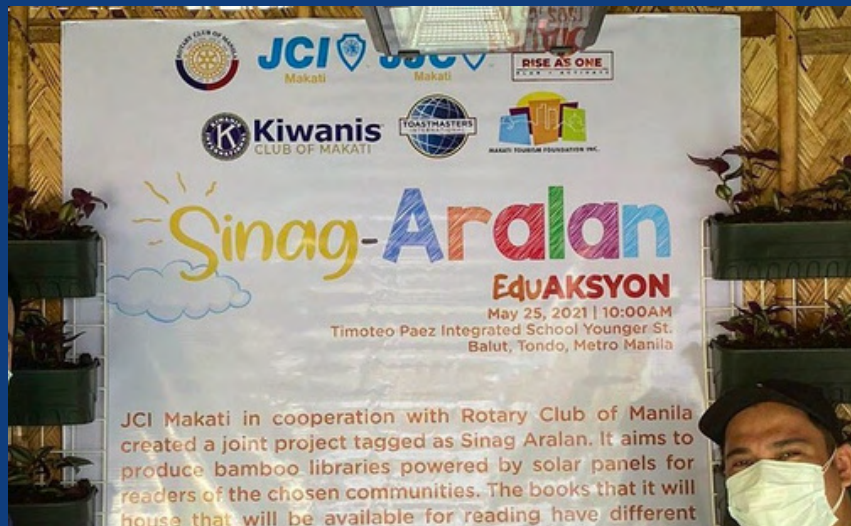

JCI Makati and the Rotary Club of Manila will undertake a joint project, entitled, Sinag-Aralan EduAksyon. It aims to produce bamboo libraries powered by solar panels for readers of the chosen communities. The books that these libraries will house are from different genres. These will be available for reading in order to cater to the needs of the community and to widen one's perspective. This project likewise aims to promote healthy reading and research through books as these are already declining in patronage nowadays due to the availability of internet.

STAR Rtn. Lance Tan and STAR Rtn. Joey Garcia, together with JCI Makati members, turned over the first bamboo library powered by solar panel complete with reference books under the joint project of the Rotary Club of Manila and JCI Makati entitled, "Sinag-aralan Eduaksyon", last May 25, 2021 at Timoteo Paez Elementary School in Balut, Tondo, Manila.

We have members who have risen to donor levels that have earned them significant point values. Our fellow members led by IPP Jackie Rodriguez, PDG Alex Cureg, IPVP Hermie Esguerra, PDG Rudy Bediones and PDG Obet Pagdanganan have indicated their willingness to share the points they have earned to allow Rotarians to be enrolled in the Roster of Paul Harris Fellows for only an initial contribution of US\$ 500.00 instead of the regular US\$ 1,000.00.

Contributions can easily be made by enrolling in www.rotary.org using your R.I. Identification Number. Once enrolled, you are allowed to learn Rotary, increase your circle of friendship and contribute conveniently using the website.

We, Rotarians, belong to a global family of service-oriented people who believe that our congregation is a means to share our blessings to the less fortunate communities globally. The Rotary Foundation is the funding arm of global humanitarian undertakings of Rotary International. It was formally named in 1917 and the first trustees were appointed after Rotary International President Arch Klumph proposed for the establishment of an endowment for the purpose of doing good in the world. The first grant of US\$ 500 benefitted the International Society for Crippled Children (Easter Seals). History marks the milestone projects of The Rotary Foundation such a scholarship for international graduate study, the elimination of

Polio worldwide, the initiation of a World Peace Forum, among others. Under the Rotary's 7 Areas of Service Focus, namely, Peace and Conflict Prevention/Resolution, Disease Prevention and Treatment, Water and Sanitation, Maternal and Child Health, Basic Education and Literacy, Economic and Community Development and lastly, Supporting the Environment, Rotary International and The Rotary Foundation have made themselves relevant to developing communities globally.

All these services would not have been made possible if not for the generosity of Rotarians, who voluntarily enlisted themselves to become members of The Rotary Foundation through a minimal contribution of US\$ 1,000.00.

We are currently working on a Global Grants for COVID-19 and other community-related projects. Your contribution will significantly improve the community living of our target beneficiaries.

For any assistance, please feel free to contact me.

Yours in the service of Rotary,

ROMEO THADDEUS LIAMZON

Rotary Fact Sheet

FACT SHEET

Rotary unites people from all continents and cultures who take action to deliver real, long-term solutions to our world's most persistent issues. Through volunteering, our 1.2 million members make lifelong friendships that transcend political and cultural boundaries and foster global understanding and respect. In addition to our 35,000 clubs, Rotary also offers expanded service opportunities including:

Interact clubs bring together young people ages 12-18 to develop leadership skills while discovering the power of Service Above Self. There are more than 20,300 Interact clubs in 159 countries.

Rotaract clubs bring together young adults, starting at age 18, to exchange ideas with leaders in the community, develop leadership and professional skills, and have fun through service.

Solving real problems takes real commitment and vision. Each year, Rotary members invest hundreds of millions of dollars and countless volunteer hours to promote health, peace and prosperity in communities across the globe. Rotary members take action by providing access to [clean water and sanitation](#), supporting [education](#), preventing and treating [disease](#), saving [mothers and children](#) and growing local [economies](#).

Ending polio

For more than 30 years, Rotary has been the driving force in the effort to [end polio](#) worldwide. Alongside our partners in the [Global Polio Eradication Initiative](#), we have achieved a 99.9 percent reduction in polio cases, with less than 200 cases of wild polio reported in 2019 compared with 350,000 a year in the late 1980s. Our members have contributed \$2.1 billion and countless volunteer hours to protect more than 3 billion children in 122 countries from this paralyzing disease. Today, just two countries continue to report cases of wild poliovirus, Afghanistan and Pakistan. Rotary remains committed to ending polio, and will raise \$50 million per year, with every dollar to be matched with two additional dollars through a matching agreement with the [Bill & Melinda Gates Foundation](#).

History

For 115 years, Rotary members have been addressing challenges around the world. It started with the vision of one man — Paul Harris. The Chicago attorney formed the Rotary Club of Chicago on 23 February 1905, so professionals with diverse backgrounds could exchange ideas, form meaningful, lifelong friendships, and give back to their communities. Rotary's name came from the group's early practice of rotating meetings among the offices of its members.

3. "To those remaining hoodlums in police uniforms, I promise you, you will hate me. I won't have second thoughts about firing police officers, especially given the significant salaries and benefits the government has given us. I'm sure there will be a lot of people who would want to replace me. Bad eggs will hate me. The *padrino* system has no place in the police organization." – Lt. Gen. Guillermo Eleazar, Chief, Philippine National Police
4. "What's important is that you're read by many people you can attract. What's the use of writing if you're not reading. It's like you're talking, but no one's listening to you. Writing is not to impress, but to inform people." – the late Ricky Lo, Entertainment Editor, The Philippine Star
5. "Nowadays, beauty isn't only the way we look. For me beauty radiates not only in our spirit but in our hearts, and the way that we conduct ourselves. Never permit someone to tell you that you're not valuable." – Andrea Meza, Miss Universe 2020
6. "If I will be given a chance, I want to use the face of Miriam Santiago. For those who don't know, she was an Ilongga. But what I admired about her is that she used her knowledge, her voice to serve the country. I want to be somebody like her -- somebody who puts her heart, her passion into action. After all, she is the best President that we never had." – Rabiya Mateo, Miss Universe Philippines 2020

How does Transformational Leadership Work?

In general, it describes how leaders can initiate, develop, and carry out significant changes in organizations.

CHANGE

Transformational leaders set out to empower followers and nurture them in change. They attempt to raise the consciousness in individuals and to get them to transcend their own self-interests for the sake of others.

VALUES

To create change, transformational leaders become strong role models for their followers. They have a highly developed set of moral values and a self-determined sense of identity.

COOPERATION

They listen to followers and are not intolerant of opposing viewpoints. A spirit of cooperation often develops between these leaders and their followers.

VISION

It is common for transformational leaders to create a vision. The vision emerges from the collective interests of various individuals and units in an organization.

MEANING

The transformational approach also requires that leaders become social architects. This means that they make clear the emerging values and norms of the organization.

Throughout the process, transformational leaders are effective at working with people.
