PROFILE OF DG ROBERT KOA

District Governor-Elect Robert G. Koa

IDG Robert G. Koa started his Rotary Journey when he joined Rotary Club of Bagumbayan Manila (RCBM) during the Rotary Year 2004-2005. In his first year, he received the “Most Outstanding Baby Rotarian of the Year” and “100% Attendance Award”. The following year he was elected as President-Nominee of RCBM for Rotary Year 2007-2008.

He is the recipient of numerous club and district awards, some of which are: Leadership by Example in Membership Development; Grand Slam award for 2 Most Outstanding Rotarian Awards; Presidential “Service Above Self” Platinum Award; The First Royce Abbey Award in the Philippines and in District 3810; And the award that he cherishes most, the Rotary International Four Avenues of Service Citation for Individual Rotarians.

Furthermore, he has conducted notable projects such as Anti-Child Abuse Campaign, Career Guidance Seminar, Cleft Lip and Palate Operations, and medical and dental missions.

His active involvement in Rotary, especially in the affairs and concerns of the District, were duly recognized by the District’s leaders and which earned for him appointments to various positions such as, but not limited to, Assistant Governor, Senior Deputy Governor for Programs, Chief of Staff, and District Secretary. Always ready to take the lead, you will never hear him whimper nor back down on any task that is assigned to him. And as culmination of his years in service under Rotary, here he is now adding another feather in his cap as the district governor-elect for next year with the Rotary theme “Serve to Change Lives.”

He is a devoted family man who is driven by his favorite quotation: “The love of a Family is life’s greatest blessing.” He is a thoughtful and loving husband to spouse Arlene and an affectionate and indulgent father to their four accomplished children who are likewise imbued with the significance and value of family.

As the Life-Changing District Governor for Rotary Year 2021-2022, he envisions a year where Rotarians grow more and do more, transcending barriers brought by the new normal. He believes that Rotarians share a common desire to serve and change lives, and the way to nurture this bond begins with having a District that’s bonded and supports each other.

PROFILE OF STAR RTN. CALOY SERAPIO

Carlos Gelacio Serapio could have donned the priestly flock by his lifetime commitment to the Christian Ministry but for the fact that the LAW has been his mistress all along. He authored 'Christianism': A Philosophical Guide to Political Praxis.

A true blue lawyer who has been granted a Coat of Arms "A Deo Lux Nostra" by the Royal College of Arms (2008) he studied law at the premier University of the Philippines and was admitted to the bar in 1976. Atty. Serapio credits however, his initial love and loyalty to the Catholic Faith to his schooling at the St. James Academy, a MaryKnoll- sisters run school in Malabon, where he completed his grade school and high school studies, with the distinction of 'Most Outstanding Student' in the secondary level.

Yet the additional foundation built into his intellectual reservoir was provided by the Ateneo Jesuits whose Ignatian Recollections fused with strict Academics further honed his skills finishing college as a Dean's lister with an A.B. Political Science degree. He became an avowed member and officer of the Student Catholic Action becoming eventually the Secretary-General of the National Student Catholic Action of the Philippines. As a Marian devotee, he was a founding partner of the Magnificat Movement and currently a Trustee of the Pueblo Maria Marian Mariological Society of the Philippines – PAMMMS Phil. He also represented the Ateneo in a Seminar Course at the Keio University (ISSK), Tokyo, Japan. He was a U.S. Information Service Grantee for a short leadership and special studies program in the Sangamon College of the University of Illinois, USA. He Completed in the University of the Philippines a management course for small and Medium Scale Industries. He provided professional services in the following:

PRESIDENT'S CORNER

Greetings Fellow RCM Members!

As we are now into the advent Season, let us gear up for the approaching best time of the year with joy and thanksgiving to the Almighty for having brought us this far!

This abbreviated work week has allowed some, if not most of us, to have some respite from work - be it digital or live.

Some of our members who were able to attend the Presidential Conference which was "held" in Manila this year were delighted with the program. The Webinar was truly awesome. I have never joined a more sophisticated State of the Art Webinar... ever. It was almost as good as being there!

The participants from all over Asia Pacific were all fired up and gave excellent updates on various projects covering several areas of Rotary's Focus.

Our own DGND Jackie Rodriguez gave a splendid talk on the Tree Planting Program that is being pushed globally and was very well lauded by the Global Rotary Community.

We are getting ready for the Governor's visit wherein we shall be reviewing our accomplishments and the forward plans of our club.

So that's it folks, stay safe one and all. As of this writing, I believe our leaders have taken more rapid action to impose travel bans on countries with the new Omicron variant. Let us all pray that this new variant will not penetrate our shores in the coming days. In any case, let us continue to be extremely careful in observing protocols.

I will conclude this piece by issuing a reminder to one and all on the two basic and vital goals we have:

- 1) Each One Bring One
- 2) All Rotary Club of Manila members should be Paul Harris Fellows.

Mabuhay tayong lahat!!!

Humbly yours in Rotary,

FSZ

CLUB ADMINISTRATION

From the Programs Committee

Dear Fellow Manila Rotarians,

Yuletide Season is just around the corner, and it's also about time we see how far we have gone and what we have achieved for our club this year through a Governor's Visit aimed at checking the efficient functioning of clubs after which, our esteemed District Governor Robert Koa shares his special message to us, followed by Classification Talks set to bring Vocational Service to a new high with STAR Rtn. Carlos "Caloy" Serapio of the Serapio and De Castro Law Office, enlightening us on his unorthodox cause in law, while newly inducted STAR Rtn. Richard Jack Everingham of Lead Design Consultant, Asia Pacific region, brings a whole new dimension to world architectural design.

Manifest that Service Above Self spirit in the time of Christmas cheers and be there too, 12:30 PM, December 2.

THE ROTARY FOUNDATION

Appeal for Paul Harris Fellows

July 1, 2021

Dear Fellow Rotarians,

An Opportunity has now opened doors for our club to be a 100% Paul Harris Club. With only US\$ 500.00 as a beginning contribution, you can now become a Paul Harris Fellow.

We have members who have risen to donor levels that have earned them significant point values. Our fellow members led by IPP Jackie Rodriguez, PDG Alex Cureg, PVP Hermie Esguerra, PDG Rudy Bediones and PDG Obet Pagdanganan have indicated their willingness to share the points they have earned to allow Rotarians to be enrolled in the Roster of Paul Harris Fellows for only an initial contribution of US\$ 500.00 instead of the regular US\$ 1,000.00.

Contributions can easily be made by enrolling in www.rotary.org using your R.I. Identification Number. Once enrolled, you are allowed to learn Rotary, increase your circle of friendship and contribute conveniently using the website.

We, Rotarians, belong to a global family of service-oriented people who believe that our congregation is a means to share our blessings to the less fortunate communities globally. The Rotary Foundation is the funding arm of global humanitarian undertakings of Rotary International. It was formally named in 1917 and the first trustees were appointed after Rotary International President Arch Klumph proposed for the establishment of an endowment for the purpose of doing good in the world. The first grant of US\$ 500 benefitted the International Society for Crippled Children (Easter Seals). History marks the milestone projects of The Rotary Foundation such a scholarship for

international graduate study, the elimination of Polio worldwide, the initiation of a World Peace Forum, among others. Under the Rotary's 7 Areas of Service Focus, namely, Peace and Conflict Prevention/Resolution, Disease Prevention and Treatment, Water and Sanitation, Maternal and Child Health, Basic Education and Literacy, Economic and Community Development and lastly, Supporting the Environment, Rotary International and The Rotary Foundation have made themselves relevant to developing communities globally.

All these services would not have been made possible if not for the generosity of Rotarians, who voluntarily enlisted themselves to become members of The Rotary Foundation through a minimal contribution of US\$ 1,000.00.

We are currently working on Global Grants and District Grants. Your contribution will significantly improve the community living of our target beneficiaries.

For any assistance, please feel free to contact me.

Subject: Global Law Experts 2022 Handbook

Dear Beda,

You may have seen that we are now allocating positions for 10th annual edition of the Global Law Experts Handbook. The 2022 publication will be printed in hardcopy format, produced digitally and uploaded onto the main GLE website www.globallawexperts.com in January 2022. The 2022 Global Law Experts Handbook will be viewed by our international audience of company directors, lawyers, accountants, in-house counsel, financial advisors and both multinational & domestic businesses.

Unlike most recommendation and referral services; GLE focuses more on the individual attorney rather than the law firm they work for. Naturally, the details of the firm (contact information, logo, a firm overview etc.) are included within the profiles, but the main focus is always on the experience, services and expertise of the lawyers themselves. This year we are featuring lawyers from 50+ practice areas, working in over 100 countries.

Our internal research panel have highly recommended for you for inclusion within the 2022 Handbook and have suggested that we feature you for Commercial law in the Philippines. The invitation list for the 2022 Handbook has been compiled following the thousands of recommendations that we have received over the course of 2021. Business directors, in-house counsel and GLE members have advised and offered guidance to the GLE research panel when choosing lawyers from all corners of the world to feature within the 2022 Handbook publication. We have relied upon the support and endorsements from businesses, our members and our commercial user-base to grow the online element and hardcopy publications of Global Law Experts since we were established in 2009.

PD Beda Fajardo Receives Letter of Inclusion in the Global Law Experts 2022 Handbook as its Commercial Law Expert in the Philippines for 2022

Your full page inclusion will be published in hardcopy which will be distributed to over 6,800 recipients worldwide, plus in an electronic version that will be sent to over 330,000 individuals within our database and uploaded onto the GLE website www.globallawexperts.com. We will be publishing a maximum of just two lawyers per practice area in each jurisdiction, allowing businesses, our 330,000 plus mail subscribers and the 2,000 plus members of GLE a choice of legal advisors who they may wish to contact. Publishing just two lawyers per practice area in each jurisdiction also avoids repetition and competition, plus it ensures maximum exposure for all lawyers that are selected for inclusion.

The sections of the Handbook will be divided alphabetically by country and then by practice area (i.e. Albania, Arbitration). This way it will be quick and straightforward for users to locate the relevant advisers in each country and area of law. There will also be an in-depth contents section and an index housing names of each of the lawyers and law firms featured within the Handbook and their corresponding page number for immediate reference.

The hardcopy Handbook will be distributed to 6,800 recipients and the electronic Handbook will be uploaded onto the GLE website and featured on the homepage from January 2022. It has a search facility and users will be able to virtually flick through, print and download individual pages. The 2022 Handbook can be downloaded in its entirety via the GLE website and saved to your computer desktop for quick access. Once uploaded, a link to the Handbook will be sent to our entire Newsletter mailing list of over 330,000 individuals (mainly company directors, lawyers, accountants, in-house counsel, legal network members, bar associations and various organisations & groups).

In the second quarter of 2022, adverts will run in both hardcopy and online in various local and international legal publications, alliances with various networks and through our [LinkedIn](#) group with over 4,700 members. This coverage in conjunction with the over 32,000 visitors to the GLE website each month will result in an initial readership of over 380,000 relevant viewers – so we anticipate the exposure over the course of 2022 to be vast.

We look forward to hearing back from you shortly Beda, and hopefully allocating your page and those of your colleagues in this year's guide. As stated above: a simple reply with 'Agreed' is all that is required at this stage to move your entry forward.

Kind regards,

Luke Baldwin

MANILA ROTARIAN IN FOCUS

STAR Rotarian Bertel Ingmar Bertelsen Found Home in the Philippines

He was born in the Netherlands with Norwegian ancestry, worked and lived in many parts of Europe and the United States, but found home and stayed in the Philippines.

STAR Rotarian Bertel Ingmar “Ingy” Bertelsen moved to Davao fourteen (14) years ago after sorting out how to manage his business in Netherlands from the Philippines, considering the six to seven hours time difference between the two countries.

In this interview, STAR Rtn. Ingy shares many interesting snippets of his life, why he thought he was born in the wrong country, and what he likes best about living in the Philippines. Not to be missed was his amusing encounter with DGND Jackie Rodriguez at the Rotary International Conference in Hamburg in 2019.

Rhea Vitto Tabora (RVT): Please share something about yourself that your fellow Rotarians might not readily know.

Bertel Ingmar Bertelsen (BIB): My name, Bertel Ingmar Bertelsen, is a tradition that goes back centuries to my ancestry in Norway. The tradition is that the oldest son of the oldest son is given Bertel as the first name. So, my father’s name is Bertel Bertelsen (which, in Norwegian, means ‘Bertel, son of Bertel’) and the name of my oldest son is also Bertel Bertelsen.

Another thing that my fellow Rotarians might not know is that, when I was a college student, the rock musical HAIR asked me to tour with them. Since I just started college, I regretfully declined.

As a college student, I founded a student union and was an elected official for the board of all the student unions nationwide in Netherlands. That gave me a chance to negotiate with the Dutch government about having better teachers and more money for our colleges.

I was also one of the last Dutch men to do a mandatory service of one and a half years in the Dutch army. Within three months, I was stationed at the army’s headquarters, and I even rose to the rank of sergeant at that time.

RVT: Please tell us a bit about Acquisitium – Insite Media. What types of magazines do you publish?

BIB: I still have my company in Europe and am fortunate having a good partner and employing a team of professionals over there. We started off with educational magazines for teachers regarding nature education, cultural education, social emotional education and technical education. Most of these magazines have been running for the last fifteen (15) years and with a steady group of readers.

We have also been organizing different fairs for teachers where companies can present themselves to the teachers. Since the start of COVID though, that part of our business has not been doing well. But all our publications have shown continued growth.

Ten years ago, we also started publishing magazines for inheritances and major donors. This is a billion-dollar market in the Netherlands, and we now have four different publications where NGOs and foundations can present their organization to mostly protestant rich people. Almost every two years, we come up with a new format of magazine and a new target group. Most of our magazines have 70 to 80 percent recurring customers, so we know the magazines really help them raise funds.

RVT: How long have you been in the Philippines and what brought you here?

BIB: Fourteen (14) years ago, I met a Filipina online and fell head over heels in love with her. After exchanging emails with her for months (yeah, it was that long ago), I bought a ticket to the Philippines for a vacation-of-a-lifetime. For more than a month, I travelled with her around Davao and her home province, Surigao del Sur. At the end of the vacation, I proposed to her, which she accepted.

Back in Netherlands, I found out how racist the immigration laws were and how difficult it would be to get her into Netherlands. So, I spoke with my two business partners at that time, and we worked out a way I could move to the Philippines while still maintaining my role in the business. The time zone difference between the Philippines and Netherlands is six hours at summertime and seven hours at wintertime. That means I start working at around 3 or 4 pm and finish at around 11 or 12 pm.

However, my relationship with that woman did not last, and we parted as good friends after a couple of years. After we broke up, there was not one moment that I thought of leaving the Philippines.

A year later, I met my wife Jane, who is also the mother of my children. And of course, I stayed here.

RVT: What has this international move taught you?

BIB: It has taught me that I was born in the wrong country. I never felt at home in Netherlands. After high school, I worked and lived in Switzerland, Austria, Spain, Emirates, France, and the United States. Only Switzerland made me feel at home a bit, but still, I did not stay there.

When I came here in the Philippines for the first time on vacation, I felt at home right away. And that made moving here so much easier. Over the years, I have found out that life here fits me like a glove, and that the only thing I still need to do to become *Pinoy* is to learn the language better.

His wife and two kids — the main reason why he decided to stay in the Philippines for good.

The other thing that this move taught me is that I like to give back. From the first time I joined a Rotary meeting, it was already a great fit. It also gave me a great insight into the many facets of life in *Lupang Hinirang* since lots of the projects we did were also in the hinterland of Davao and Samal. In other countries where I lived, I did not join any groups like Rotary, so it's really related to the Philippines.

RVT: What do you like best about living and working in the Philippines?

BIB: I am not working here, unless you count tree planting and beach clean ups as work. I do have investments here in Mindanao, which are all in tree plantations (teak and mahogany). What I like best about living here in the Philippines is the high quality of life that I get to enjoy. I love the combination between the social life and great restaurants in modern Makati and the natural life in Mindanao.

In Davao, I live at the edge of the city, and I love driving my 400cc motorcycle in the backroads, visiting projects or just driving to see new natural views.

And, last but not the least, the wonderful *Pinoys* I meet living here and through Rotary.

With his son Alex, loving nature and the beautiful green landscape in Mindanao

RVT: What do you miss most while you are living in the Philippines?

BIB: Only my father who still lives in Netherlands. Although before Covid, he would visit us here every year. Thankfully, modern technology helps us in keeping in touch weekly, and my kids love facetimeing with their 'Putit Lolo'. All the other things like good cheeses and charcutier are readily available in delicatessen shops in Makati and Davao. So, my father is really the only thing – or person – that I miss.

RVT: Looking back at your life thus far, what are you most proud of?

BIB: First of all, my kids, of course. I am a real hands-on father, and during this Covid period, I am also my kids' teacher. Although they are still young (aged 6 and 7), I can already see that they are growing into wonderful human beings, and hopefully, also future Rotarians.

Before they were born, I had a long list of accomplishments that I am proud of. But now, they all fall back, far back, in second place.

STAR Rtn. Ingy is a hands-on father to his two sons, Alex (left) and Prince (right).

RVT: What experiences do you feel shaped you the most?

BIB: I think that living in many different countries shaped me to the person that I am now. Starting anew every time I am in a different country climbing the corporate ladder gave me a chance to reinvent myself and grow immensely as a person.

Another experience that shaped me was working in the family business. Having my father as a boss is so much harder than a regular boss, but the experience was very rewarding in the long run.

RVT: What are your interests and hobbies? What do you do when you are not at work?

BIB: When I am not at work, I enjoy riding my Yamaha SR 400. I mostly ride alone since I am a trained rider.

I also have a big interest in arts and culture. Since there are not that many museums in the Philippines compared to Netherlands, I mostly enjoy going to various tribes and learning about their customs and culture as well as the natural locations they live in.

Before Covid, I would really enjoy the nightlife and restaurants in Davao and Makati, but we all know what happened to the restaurant, bar, and food services industry.

RVT: What ignited your interest in joining the Rotary Club of Manila?

BIB: I was already a Rotarian at the Rotary Club of South Davao. It is a Club with wonderful projects and with a good standing in Rotary District 3860. One of its members, PDG Nonoy Villa-Abrille, really introduced me to the lifestyle of a Rotarian. But after six years with that Club, I started to notice that the projects they were doing were not focused enough on my big passion, which is trees.

When I went to the Rotary International Conference in Hamburg, I was wearing a *Barong Tagalog* as a sign of respect to my new motherland. One day, I was walking past a terrace and one man commented, "Wow, that is a mighty fine barong." I asked him how he knew about that clothing style, because he clearly struck me as a Spanish.

He said, "Well, I am a Filipino, my name is Jackie Rodriquez, and I am from Rotary Club of Manila." He was sitting with another gentleman who clearly looked like he is a German. That man turned out to be his fellow club member, Dr. Gunter Matschuck.

After having a nice lunch and some beers, and finding out that we had many friends in common, Jackie and I stayed in touch. As you may know, he made me ambassador to the Rotary Club of Manila during his presidency. I also joined his T.R.E.E.S. program and started writing the manual. And after being present during many Zoom meetings of the Rotary Club of Manila, I decided it was time to change clubs and follow my mentor and friend, Jackie.

ROTARY INFORMATION

The District Governor's Visit

The District Governor is traditionally required by Rotary International to make an official visit to every club in the district preferably during the first six (6) months of the Rotary year to give counsel to the club, to observe the holding of an effective club assembly aimed at presenting the club's plan of action for the year, to deliver a comprehensive Rotary address or conduct a club forum on Rotary information before the club.

The District Governor is visiting the club not so much as an "officer", but as a friend and counselor. The Governor's interaction with the club is held in the spirit of friendship and constructive counseling. He gives suggestions on how to further strengthen and improve the club's effectiveness in rendering Rotary service to the community. Although the Governor is visiting as a friend, he is however accorded the welcome and protocol appropriate to his position as the highest ranking officer of Rotary International in the district.

Basis: Section 16.030 Duties of a Governor under Article 16 Governors (Rotary International By-Laws)

16.030. Duties of a Governor.

The governor is the officer of RI in the district, functioning under the general control and supervision of the board. The governor shall inspire and motivate the clubs in the district. The governor shall ensure continuity within the district by working with past, current, and incoming district leaders. The governor is responsible for:

(i) conducting an official visit to each club, individually or in multi-club meetings, that maximizes the governor's presence to:

1. focus attention on important Rotary issues;
2. provide special attention to weak and struggling clubs;
3. motivate Rotarians to participate in service activities;
4. ensure that the club constitution and bylaws comply with the constitutional documents, especially following councils on legislation; and
5. personally recognize the outstanding contributions of Rotarians in the district;

Gordon R. McNally of Scotland selected to be 2023-24 Rotary International President

By **Ryan Hyland**

Gordon R. McNally, a member of the Rotary Club of South Queensferry, Lothian, Scotland, is the selection of the Nominating Committee for President of Rotary International for 2023-24. He will be declared the president-nominee on 1 October if no challenging candidates have been suggested.

McNally lauded Rotary's ability to adapt technologically during the COVID-19 pandemic, saying the approach should continue and be combined with the best of our past practices as Rotary seeks to grow and increase engagement.

"We have learned there is a willingness within communities to care for one another," he says, "and we must ensure that we encourage people who have recently embraced the concept of volunteering to join us to allow them to continue giving service."

McNally says that senior leaders' ability to communicate directly with club members online will be one positive legacy of the changes Rotary has had to make. But, he adds, "face-to-face meetings remain important, as they encourage greater interaction."

The best way to increase membership is engagement, according to McNally. To better support clubs, he says, Rotary

International, regional leaders, and district teams all need to engage with them. Engagement through social media will reinforce Rotary's brand and showcase the opportunities that come with it. And, he says, engagement with governments, corporations, and other organizations will lead to meaningful partnerships.

With better engagement, McNally says, "We will grow Rotary both by way of membership and in our ability to provide meaningful service."

He adds, "Membership is the lifeblood of our organization. I would encourage the use of the flexibility now available to establish new-style clubs that would appeal to a different demographic."

McNally, a graduate of dental surgery at the University of Dundee, owned and operated his own dental practice in Edinburgh. He was the chair of the East of Scotland branch of the British Paedodontic Society and has held various academic positions. He has also served as a Presbytery elder, chair of Queensferry Parish Congregational Board, and commissioner to the church's general assembly.

A Rotary member since 1984, McNally has been president and vice president of Rotary International in Great Britain and Ireland. He has also served Rotary International as a director and as member or chair of several committees. He is currently an adviser to the 2022 Houston Convention Committee and chair of the Operations Review Committee.

McNally and his wife, Heather, are Major Donors and Benefactors of The Rotary Foundation. They are also members of the Bequest Society.

"ACTION MAN IN ACTION." "We can't help everyone, but everyone can help someone."
— Dr. Loretta Scott

Delighted to meet with the legendary Rafael "Raffy" Tulfo, a noted broadcast journalist, columnist, radio presenter and television personality whose work focuses on government and private sector issues. He is known for his hard-hitting, no-holds-barred commentary on issues pertaining to abuses and injustices committed by people in power against ordinary citizens.

A known champion of the poor, he fights for the downtrodden — many of whom are laborers — who flock to his radio show every day to seek for his help. He is known among his followers as "Mr. Action Man" and "Idol Raffy."

He is the main anchor of a long-standing, top-rated radio program "WANTED SA RADYO" aired on 92.3 FM (Radyo5) and simulcast on OnePH. He also anchors "IDOL IN ACTION," a noontime newscast that is aired daily on TV5 and One PH Signal Channel 1. The said newscast has a public service segment — *Itimbre mo kay Tulfo/Ipa-Raffy Mo* — that airs and acts on complaints from ordinary citizens. The program focuses on aiding the poor and marginalized with domestic affairs and societal injustices. He was also behind investigative and public service shows, such as, "Philippines' Most Wanted," "Task Force *Siyasat*" and "*Problema Mo, Sagot Ko.*"

Raffy continues the family's legacy of action-based public service. It's a trail blazed by their eldest brother, Mon Tulfo, who fires at inefficiencies in government in his newspaper column that lasted for years. Brother Raffy takes on the same ills on free TV and YouTube, all while wearing rare sneakers.

The popularity of TV and YouTube channel "Raffy Tulfo in Action" transcends entertainment. People's tendency to turn to the show reveals how it has emerged as an alternative mechanism for seeking justice. It has done so in a way that is "free, swift, and convenient." In the Court of Raffy Tulfo, parties can avoid the need for expensive lawyers and court fees. They also immediately find resolution in just one episode (maybe two or three in other cases) as opposed to having to attend years and years of hearings in court wherein, by the way, they are rarely even heard since often only lawyers speak in a language that they do not understand.

Capitalizing on his popularity and his sincere desire to craft more equitable laws, he filed his Certificate of Candidacy for Senator last October 2, 2021, running as an independent. The veteran broadcaster said that he is gunning for a Senate seat as he felt that his capacity to help others was "limited" by his

job as a broadcaster. He also expressed confidence that his large online fan base will support his political aspiration. Subsequently, the announcement of his candidacy for senator received cheers from his millions of followers across platforms.

As of this writing, Raffy consistently leads the list of senatorial bets for the 2022 elections based on the latest national surveys.

Indeed, if surveys are to be largely relied upon, the “Action Man” is on the road to become the country’s next Senator. His victory is all but secured as he is known to give a straightforward, hard-hitting line of questioning to a person who commit crimes, abuse, dishonesty and exploitation in the government and private sectors. Being a person who always wanted to focus on helping the poor on battling the red tapes of society, RAFFY TULFO is certain to fight for the rights of the downtrodden in the Senate floor.
