ISSUE NO. 3901 | JANUARY 27, 2022

## CLASSIFICATION TALK

### ARTHUR "ART" M. LOPEZ

Owner and Principal Consultant  
AML Hotel Consultancy  
President, Philippine Hotel Owners Association  
Life Member, Hotel and Restaurant Association  
of the Philippines (HRAP)  
Director, Rotary Club of Manila,  
RY 2016-2017 and RY 2017-2018

## SUPER TYPHOON ODETTE RELIEF OPERATIONS ON THE GROUND SITUATIONER

### ANNA LOUISA BUMAGAT

District Governor  
Rotary International District 3860  
RY 2021-2022

## KABALITA

As the global pandemic continues to mutate and wreak havoc on the world we live in, travel has become much restricted and consequently, the hotel industry has taken a direct hit by a storm it never knew. Let's get the facts straight from our very own foremost hotelier and his prognosis on the state of the hotel industry as it tries to gasp the fresh air of positivity on the road to recovery while he makes a sentimental appearance at Asia's First Rotary Club. Likewise, a community needs assessment situationer from the District 3860 Governor on the needs of the Super Typhoon Odette victims brings the club back to its proverbial role in Service Above Self.

- Member, East West Center Alumni Association, University of Hawaii, Honolulu, Hawaii.
- Life Member, Hotel and Restaurant Association of the Philippines (HRAP)
- Member, Philippine Constitution Association (Philconsa)
- Member, Rotary Club of Manila

# PRESIDENT'S CORNER

Greetings Fellow RCM brothers!

As we observe the OMICRON numbers going down, I hope everyone is safe and well as you read this.

Nowadays, it is almost rare that one does NOT have a CoVid case within the family. Thankfully, this strain is, by and large, not as deadly – but still, we should all take extra care. Booster shots are the order of the day and masks as well as physical distancing should still be the norm.

We have gone through the process of launching the 2nd wave of our Super Typhoon Odette Fundraising, this time through the mechanism of coursing the donations through the RCManila Foundation, Inc. As chartered, the funds raised by the Foundation is vetted and passed on to the Rotary Club of Manila as the implementing arm of the project. This is how it was envisioned and this is the way it is happening.

We will have an update from District Governor Anna Bumagat of Rotary International District 3860 who has been closely coordinating with our own RCManila Foundation, Inc. Chairman PE/PVP Hermie Esguerra and Disaster Relief Operations Committee Chairman IAS Mike Albaña for the on-the-ground logistic details for providing Super Typhoon Odette Rotary families. This time, potable drinking water as well as shelter assistance are being made available.

Our own debonaire PD Arthur “Art” M. Lopez is going to share with us the real status of the Hotel Industry. He is the current President of the Philippine Hotel Owners Association. Let us hope his talk will give us an insightful insider’s view as to how the industry is doing and what measures the players are taking to ride out this very very rough ride.

Stay well my dear brothers, may God continue to protect and bless us all!

Humbly yours in Rotary,

FSZ

Felix Francisco S. Zaldarriaga  
President  
RY 2021-2022

# CLUB ADMINISTRATION

## *From the Programs Committee*

Dear Fellow Rotarians,

With restrictions in travel brought about by the onslaught of the global pandemic, the hospitality industry has taken a huge blow for nearly three years and by the looks of things, two more years seem to recover.

Let us make time to meet in virtual fellowship to listen to our very own

Past Director Arthur "Art" M. Lopez  
President, Philippine Hotel Federation, Inc.

Likewise, District Governor Anna Bumagat of Rotary International District 3860 to give us a fresh update on the damage caused by the onslaught of Super Typhoon Odette and to give us the direction on how to send significant assistance for the most ravaged areas in Dinagat Island and Bohol Province.

It's hospitality appreciation haven, today, 12:30 PM, January 27.

Very truly yours,

PE/PVP HERMINIO "HERMIE" S. ESGUERRA  
Programs Committee Chairman  
RY 2021-2022

## *Appeal for Paul Harris Fellows*

July 1, 2021

Dear Fellow Rotarians,

An Opportunity has now opened doors for our club to be a 100% Paul Harris Club. With only US\$ 500.00 as a beginning contribution, you can now become a Paul Harris Fellow.

We have members who have risen to donor levels that have earned them significant point values. Our fellow members led by IPP Jackie Rodriguez, PDG Alex Cureg, PVP Hermie Esguerra, PDG Rudy Bediones and PDG Obet Pagdanganan have indicated their willingness to share the points they have earned to allow Rotarians to be enrolled in the Roster of Paul Harris Fellows for only an initial contribution of US\$ 500.00 instead of the regular US\$ 1,000.00.

Contributions can easily be made by enrolling in [www.rotary.org](http://www.rotary.org) using your R.I. Identification Number. Once enrolled, you are allowed to learn Rotary, increase your circle of friendship and contribute conveniently using the website.

We, Rotarians, belong to a global family of service-oriented people who believe that our congregation is a means to share our blessings to the less fortunate communities globally. The Rotary Foundation is the funding arm of global humanitarian undertakings of Rotary International. It was formally named in 1917 and the first trustees were appointed after Rotary International President Arch Klumph proposed for the establishment of an endowment for the purpose of doing good in the world. The first grant of US\$ 500 benefitted the International Society for Crippled Children (Easter Seals). History marks the milestone projects of The Rotary Foundation such a scholarship for

international graduate study, the elimination of Polio worldwide, the initiation of a World Peace Forum, among others. Under the Rotary's 7 Areas of Service Focus, namely, Peace and Conflict Prevention/Resolution, Disease Prevention and Treatment, Water and Sanitation, Maternal and Child Health, Basic Education and Literacy, Economic and Community Development and lastly, Supporting the Environment, Rotary International and The Rotary Foundation have made themselves relevant to developing communities globally.

All these services would not have been made possible if not for the generosity of Rotarians, who voluntarily enlisted themselves to become members of The Rotary Foundation through a minimal contribution of US\$ 1,000.00.

We are currently working on Global Grants and District Grants. Your contribution will significantly improve the community living of our target beneficiaries.

For any assistance, please feel free to contact me.

Yours in the service of Rotary,

ROMEO THADDEUS R. LIAMZON  
Chairman, The Rotary Foundation  
Director  
RY 2021-2022

## PolioPlus is engaging reluctant communities by addressing basic needs

by **Diana Schoberg**

Khadim Solangi Goth, a community on the outskirts of Karachi, Pakistan, sits in one of the last remaining polio reservoirs on the planet. More than 40,000 people live in improvised dwellings made of earth or other found materials. For some, a cotton sheet is all that protects them from the hot sun and monsoon rains. “The poorest of the poor are living in this area,” says Asher Ali, the project manager for the Pakistan PolioPlus Committee.

Polio is especially resilient in this community, which has been one of the most resistant to eradication efforts; the Global Polio Eradication Initiative (GPEI) has designated Khadim Solangi Goth one of its highest-priority areas. And the Pakistan Polio Eradication Initiative classifies Gadap Union Council 4, the administrative district that the community is a part of, as “super high risk.”

What makes polio thrive in this place? The piles of trash and open sewers are one reason; the poliovirus gets transmitted through contaminated water. But another major factor is the area's low vaccination rate. In a community whose basic needs aren't met, residents see the polio vaccine as a low priority. “The refusals are not for the sake of religion but because civic amenities are missing,” says Aziz Memon, chair of the Pakistan PolioPlus Committee. “They ask us, ‘What are you doing here? You come again and again and again to give us polio drops. You never tell us how you're going to help us with electricity, roads, or clean water.’”

Still, the polio eradication program has seen a boost to its credibility in the past couple of years, thanks to the installation of water filtration plants in Karachi and several other areas of the country, including in Khadim Solangi Goth in December 2020 — part of the GPEI's effort to install a total of 36 such plants in Pakistan. Since 2012, Rotary members have been working to install plants through a variety of channels, including a partnership with Coca-Cola Pakistan, Rotary Foundation global grant projects, PolioPlus Partners grants, and partnerships with Rotary districts or other entities. More construction is in progress or in the planning stages.

In Pakistan, 53,000 children under age 5 die each year from diarrhea caused by contaminated water.

"Now that the community has access to clean water, polio workers are giving us feedback that when they are going to homes, the mothers bring their children to be vaccinated. The workers now have easy access to get into the area," says Ali.

Reaching Khadim Solangi Goth had been a challenge because of security concerns. But the polio workers persevered. Rotary members met with elders, women, and other stakeholders in the community to find out what they needed most and how Rotary could help. "Once we gained their confidence, then we moved forward," Ali says.

Safe drinking water was a high priority among Khadim Solangi Goth residents, so Coca-Cola Pakistan and Rotary in Pakistan — whose decade-long partnership has brought clean water to tens of thousands of people in the country — installed a water filtration plant in the community. Rotary members also trained residents to operate and maintain the equipment, and worked with the community to provide education in hygiene and handwashing. "We gradually gained the respect of the people and gained success," Ali says.

The work ties into the GPEI's new strategic plan, which launched in June 2021. One of the objectives is to speed progress toward polio eradication by integrating that work with efforts to address other community needs — "in other words, not just focusing on polio alone," explains Michael K. McGovern, chair of the International Polio-Plus Committee.

# ROTARY INFORMATION

In a report issued the same month, the Independent Monitoring Board, a group of experts who assess progress toward a polio-free world, highlighted the slow progress toward improving water and sanitation in parts of Pakistan deemed “super high risk.” The board called directly on Rotary to help bridge the gap between the polio program and other programs and funders. “Rotary International is greatly respected as having a ‘can-do’ capability in advancing practical action of this kind,” the report stated.

While the improvement of water and sanitation in these areas helps stop the spread of polio, the new infrastructure helps build goodwill for the polio program. “It all ties together,” McGovern says.

Hence the “plus” in PolioPlus, Rotary’s program that provides communities with benefits beyond vaccination — such as clean water, medical treatments, bed nets, and soap. In northern Nigeria, for example, Rotary and its partners sponsored more than 30 solar-powered boreholes, which helped develop trust among the vulnerable residents. The strategy worked: Nigeria reported its last case of polio in 2016, and the World Health Organization certified the Africa region free of wild polio in 2020.

In Pakistan, Memon says, Rotary members complement the water projects with health camps that assist families with other medical needs. “Health camps also send a very positive signal,” he says. “It shows that our main focus is not polio alone, it’s PolioPlus.”

In Hassan Brohi Goth, another community in the Karachi metropolitan area, many people make their living by producing bricks in kilns. A smoky haze envelops the area, exacerbating breathing difficulties among health-challenged residents. The community lacks medical facilities. Its drinking water comes from a pipeline — which is broken, making the water unsafe to drink — or from vendors who charge more than many people can afford.

Rotary members worked with a kiln owner to provide a site for a water filtration plant. The plant, installed as part of a Rotary Foundation global grant sponsored by the Rotary clubs of Karachi and Maysville, North Carolina, went online in August.

“Through this water filtration plant, we’ve gained credibility and the confidence of the people,” Ali says. “The people know us. It gives me a lot of happiness. The polio teams, whether from WHO or the government, all are welcomed.”

This story originally appeared in the December 2021 issue of [Rotary](#) magazine.

Local residents, trained by Rotary members, operate and maintain the equipment. “Sustainability is embedded in community participation,” says Asher Ali, the project manager for the Pakistan PolioPlus Committee.

## By the numbers

- 40 million**  
Number of Pakistani children under age 5 immunized each year
- 63**  
Percentage of polio cases in Pakistan in 2019 that involved zero-dose children, who had never received any essential immunizations
- 70**  
Percentage of Pakistani households that drink contaminated water

## OTHER MATTERS

### *Straight from the Horse's Mouth*

by Vice President-Elect/Club Secretary  
Reginald "Reggie" T. Yu  
Managing Editor, BALITA, RY 2021-2022

THE SON ALSO RISES. "Carve your name on hearts, not tombstones. A legacy is etched into the minds of others and the stories they share about you." — Shannon Alder

By acclamation, ROBERT VINCENT JUDE JAWORSKI JR. — fondly known as "Dodot" — was on track to follow his legendary dad's footsteps as the country's greatest basketball player of all time. With a height of 6'2, he towered over his colleagues in the court as he played center forward since high school days at the Brent International School; then later, at the Ateneo de Manila University's "Blue Eagles," where he went on to complete his Bachelor's degree in Business Management in 1995.

But politics was a bigger calling for Dodot. Right after his graduation, he was elected councilor in the Municipality of San Juan at the age of 23.

He then dabbled in professional basketball in an effort to follow his father's footsteps; having been later drafted by PBA Team Ginebra San Miguel to join his father, then playing coach Robert Jaworski. Together, they won a championship together during the 1997 PBA Commissioner's Cup, playing as the Gordon's Gin Boars. For four years, he played for the Ginebra San Miguel team, being the only father-and-son tandem of Philippine basketball. A phenomenal athlete, Dodot was gifted with a unique combination of fundamental soundness, grace, speed, power, artistry, improvisational ability and an unquenchable competitive desire, and was soon being eyed to replace his dad as the rightful heir to claim his throne.

However, a year after his dad retired in 1998 to run for the Philippine Senate, Dodot also decided to leave professional basketball at the age of 28 in 1999, to serve as his dad's Chief of Staff in the Senate for six years. It was about this time that Dodot married the love of his life, the ravishing equestrienne Mikee Cojuangco with whom they have three beautiful boys.

After his dad's retirement from politics, Dodot dabbled in several entrepreneurial ventures, as president of Shanahan, Reonick, Le Calier, Inc.; president of Asiacon Management Development Corporation; president of team America Sports, Inc.; and president of the Asian Center for Foreign Languages, among others. He also sat on the board of trustees of his alma mater, Brent International School, and was elected president of the Brent International Alumni Association, as well as served as director of the Rotary Club of Valle Verde District 3800.

In 2004, Dodot was elected as congressman of the lone district of Pasig, defeating then-incumbent congressman Noel "Toti" Cariño, who would later become his party mate in 2006. Upon finishing his first congressional term in 2007, he unsuccessfully ran for Mayor of Pasig, having been defeated by the incumbent Mayor's son, Robert Eusebio. He ran under the political party called Partido Pasigueño.

Managing Editor, BALITA, RY 2021-2022

Having been introduced to Dodot by a common friend, who got both of us to be his wedding godfathers to his marriage, I found him to be genial and humble, especially for a person of such high profile (literally and figuratively speaking). It was only then that I was pleasantly surprised that he was making a political comeback, having recently been picked by Pasig Mayor Vico Sotto as his vice mayoral candidate in the 2022 elections.

I believe that Mayor Vico — and to the residents of the city for that matter — will have a strong workhorse with a passion for Pasig in the person on Dodot Jaworksi, who has demonstrated, time and again, his being an invaluable gem in any team, whether on-or-off court.

Good luck, my friend!
