Kabalita

As a more-than-a-century old worldwide organization, Rotary is steeped both in history and tradition. As such, time-honored protocols have been laid down to be observed during meetings, district functions and other Rotary activities as appropriate and correspondingly required. There is no doubt that strict observance of protocols and rules enhances the prestige of an organization, and brings decorum to its meeting or event.

GUEST SPEAKER'S PROFILE

PDG FRANCISCO "PACO" E. ATAYDE

Past District Governor of RI District 3810

RY 2007-2008

Rotary Club of Pasay MIA

PDG Francisco "Paco" Atayde, after a year in Mapua Institute of Technology, proceeded to the Philippine Military Academy in 1958 to pursue a career in the military. Upon graduation, he elected to join the Philippine Air Force (PAF) as his branch of service. He finished his flying training at the Fernando Air Base in Lipa City where he obtained his military pilot's wings on February 22, 1964. His career path moved up as he carried out various staff and field assignments. He earned his star rank in 1991 when he was Wing Commander of Villamor Air Base and led two more major PAF units before he was appointed Vice Commander of the PAF. He retired from the service on October 3, 1994.

After the traditional military honors for his retirement, Paco put away his military uniforms and looked forward to spending more hours with the family and golf. But then, on July 1, 1995, duty beckoned and he joined the administration of President Fidel V. Ramos as General Manager of the Manila International Airport Authority until June 30, 1998. In 1999, under the administration of President Joseph Estrada, he was appointed Ambassador to the Royal Kingdom of Cambodia, a position he held until 2001.

Another good thing that entered his life was his joining Rotary in 1984 when he was recruited to join the Rotary Club of Pasay MIA to be one of its charter members. In 1995 he served as president of that club and in 2002, as District Coordinating Chairman, International Service and concurrent Chair of Alay Lakad 2002. In 2003, he worked as District Program Director. In December 2004, he was selected as DGN, projected to become District Governor of RI District 3810 for RY 2007-2008. His preparation for the office of District Governor culminated when he attended the International Assembly in San Diego, California. He also served as chairman of District Rotary Foundation Council (DRFC) from 2013 to 2016 and District 3810's representative to the Council on Legislation (COL) in 2018. Currently, he is serving as the District Protocol Officer.

RC Manila Project Updates

Good news!

The **Global Grant Rotary Vision Care Project** has completed its mission of providing eyeglasses to over 2,500 students, teachers, and non-teaching personnel in 15 schools in the School Division of Manila. Yesterday, April 26, 2023, marked the last day of the initiative, and it is heartening to know that so many people have benefited from this project.

I want to express my gratitude to the **Global Grant Committee, headed by Chair STAR Rtn. Aries Balanay**, for their effort in making this project a success.

The project's success is a testament to the power of collaboration and the importance of Global Grant Project in addressing societal challenges. The **Rotary Club of Manila, Rotary Club of Kowloon East, Rotary Club of Singapore**, the **Department of Education**, and **Physicians for Peace** came together to provide the necessary resources, funding, and expertise to ensure that the project's objectives were achieved.

This initiative has had a significant impact. Providing eyeglasses has improved the students' academic performance, boosted the teachers' morale and productivity, and enabled non-teaching personnel to carry out their duties effectively. By addressing the issue of visual acuity, the project has helped to make the learning environment more equitable, giving all students an equal chance at success.

The Rotary Club of Manila Vision Care project is a shining example of what can be achieved when different organizations come together for a common cause. It is heartwarming to know that so many people have benefited from this initiative, and we can only hope that more organizations will take inspiration from this project and work towards improving their communities.

Another good news!

We also received some positive updates about our **RCM Library Digitization Project**.

I would like to thank **RCM Library Digitization Committee** headed by **Chair Rtn. Inov Talusan, Co-Chair Rtn. Rami Chahwan** and **Member STAR Rtn. Aries Balanay**, who are all working hard to make this project possible.

The Committee has divided the project into three main parts, and I'm happy to inform you that we are making great progress on all of them.

First, we have **cataloging**, which involves organizing and categorizing our vast collection of documents and memorabilia. We have reached **75% completion** of this crucial step. Though it's a huge task, we are confident about achieving our goals as planned.

Next is the software. We have achieved an impressive 90% completion rate. There are just a few minor issues left that we need to address, particularly some fixes for the reader. As soon as these are addressed, we can proceed at full speed.

PRESIDENT'S DIARY

Finally, we have **scanning**. This is where we digitize our collection, making it accessible to a global audience. We have completed **60% of our print materials** and **80% of our non-print materials**. We are steadily working on the remainder of the scanning process.

I am just as excited as the Digitization Committee about the progress of this project. We have an excellent team and I am confident that we will deliver something amazing.

According to Chair Rtn. Inov, we are eagerly anticipating the recommendations of our esteemed cataloging team, set to arrive at the end of this month. We want to ensure that our cherished memorabilia, documents, and photos are treated with the utmost care and preserved to the highest standards.

To achieve our goal, we require more help. Chair Rtn. Inov proposed that we contact someone from the National Museum who can offer their expertise and assist us in this important endeavor. With their assistance, we can guarantee the preservation of our historical treasures for future generations.

With regard to our flagship project, the **Pasig River Clean-up and Rehabilitation Project**—wherein we will purchase an **aquatic trash skimmer vessel**—we already submitted the Global Grant application and we are just waiting for approval from the Rotary Foundation.

63rd Charter Anniversary of the Rotary Club of Quezon City

Monday, 24 April 2023

Outside of RC Manila projects and activities, I attended the **63rd Charter Anniversary of the Rotary Club of Quezon City**, which is the 17th daughter club of the Rotary Club of Manila, chartered in 1960. The event took place on April 24, 2023, at the Kalayaan Hall, Club Filipino in San Juan.

PDG Obet Pagdanganan, Dir. Albert Alday, Asst. Treas. PJ Garcia, Grant Chairman Aries Balanay, Digitization Chairman Rtn. Inov Talusan and STAR Rtn. Paul Kohn attended the event with me.

PRESIDENT'S DIARY

RC Quezon City Pres. Emman Timbol emphasized that this charter anniversary event is especially historical, as the membership and guests in attendance witnessed the ceremonial formal presentation of the original Charter document issued in 1960, which was then sent directly to the Rotary Club of Quezon City by Rotary International and not through the Rotary Club of Manila (the chartering/mother Club).

History of the Rotary Club Quezon City, Mother Club of District 3780

The Rotary Club of Manila, daughter of the Rotary Club of Seattle, gave birth to the Rotary Club of Quezon City In April 28, 1960.

The following officers and directors were then elected to serve for Rotary Year (RY) 1960-1961; Ceferino M. Picache, President; Conrado Alaya, Vice President; Vivencio Villaluz, Secretary; Jose Zabarte, Treasurer; and Charles T. Mulvaney, Severo Santiago, and Benjamin Tamesis, Directors.

Originally, the territories of Quezon City, Pasay City, and Caloocan City were under the charter of Rotary Club of Manila. In accordance with the policy of Rotary International of organizing more clubs in other cities, the Rotary Club of Manila, under the presidency of Joaquin "Jack" Preysler, relinquished the territories of the cities of Quezon, Pasay and Caloocan for the purpose of organizing new Rotary clubs.

District governor's special representative and Past Governor Marianito F. Lichauco took the cudgels in organizing RCQC and PG Lichauco successfully worked for the inclusion of Mandaluyong and Pasig as part of the then newly chartered club.

On June 29, 1960, no less than the President of the Republic of the Philippines, His Excellency Carlos P. Garcia was the guest of honor and speaker during the Charter Presentation Night of Rotary Club QC. Six past officers of Rotary International, 400 Rotarians & special guests graced the occasion. Past Governor Francisco "Ikong" Reyes formally presented the charter. Rotary Club of Manila President Ramon Ordovesa and the Past Governor Gil J. Puyat inducted the charter members and the members of the Board of Directors, respectively.

As the premier club in then District 380, Rotary Club QC successfully organized 17 daughter Rotary clubs, established links with sister clubs in the county and five overseas sister clubs in Japan, Switzerland, Thailand, Singapore, and Hong Kong. It has undertaken many service projects with great impact to the community and the rotary movement. Among its flagship projects are: Prevention of Childhood Blindness Project, Anti-Drug and Substance Abuse Project, Rotary Village Corps, Ampon Puso (Save-a-Heart) Project and Sinip Bulasisa Eskwela Project.

As the mother club in RI District 3780, Rotary Club QC remains a strong pillar in the world of Rotary. There are now over 800 Rotary Clubs in the Philippines, and their members are among the most active when it comes to serving the Filipino community and helping those in need.

PRESIDENT'S DIARY

The ceremonial presentation of the original charter document by Pres. Hermie Esguerra (on behalf of the mother club, Rotary Club of Manila)

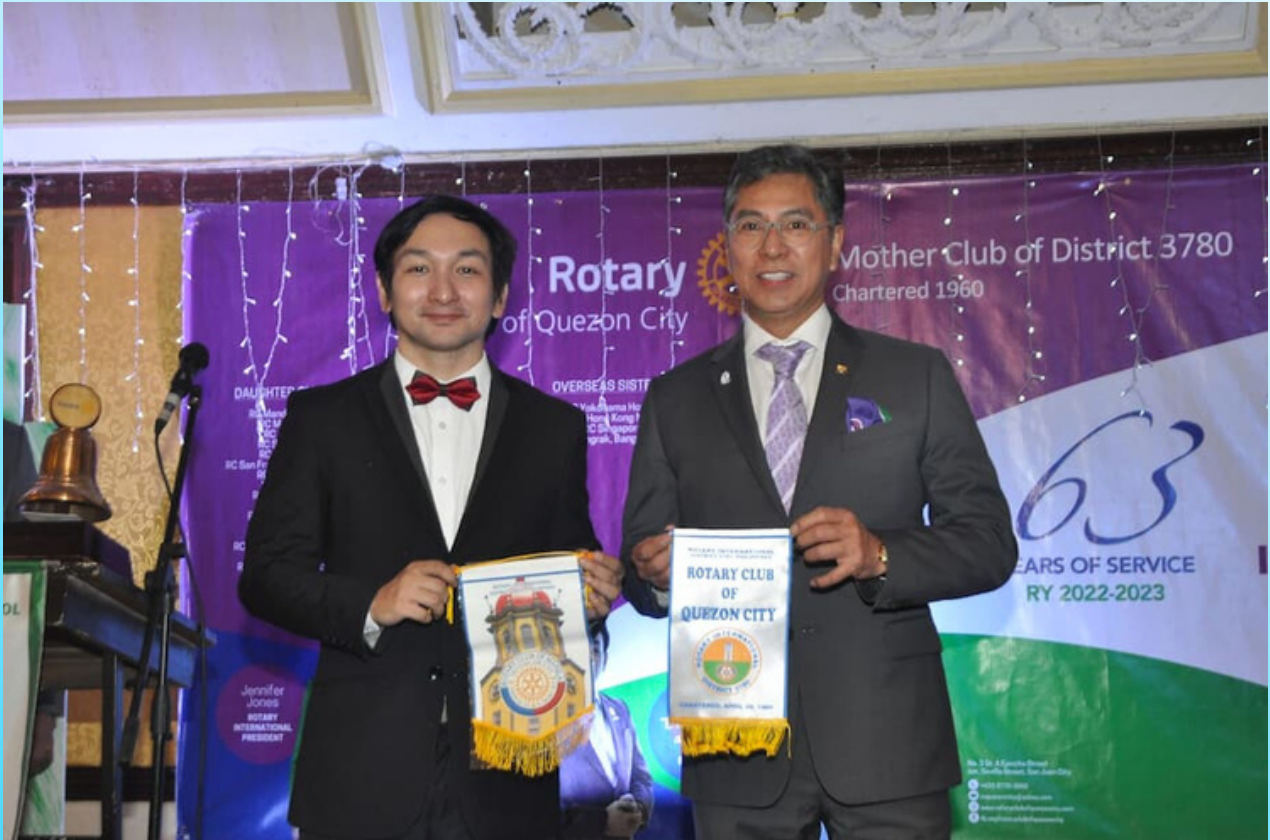

I then presented to the Rotary Club of Quezon City a token of appreciation in the form of Gavel & Bell, symbolizing the authority invested on President Timbol.

Additionally, on behalf of the Rotary Club of Manila, I presented a cash donation to support the projects of the Rotary Club of Quezon City.

PRESIDENT'S DIARY

We also had the Rotary tradition of exchanging of club bannerettes, which capped the festive charter anniversary event.

Program Tech Run

Wednesday, 26 April 2023, 5:00 p.m. to 5:35 p.m.

To prepare for our Weekly Membership Meeting, we had a Program Tech Run yesterday via Zoom. At the meeting with me were Dir. Albert Alday, AS Mike Albaña (Co-Chairman, Programs Committee), Grant Chairman STAR Rtn. Aries Balanay and Rtn. Ben Ibuyan.

It has been an eventful and fulfilling week for the Rotary Club of Manila. We have achieved great success in our various projects. I am proud of all these accomplishments and look forward to more opportunities where we can serve our community even better!

Yours in Rotary Service,

Pres. Hermie Esguerra

Rotary Protocol and Decorum. Protocol is a late middle ages English word which denotes the original minute of an agreement, forming the legal authority for future dealings relating to it. The word originated from the old French word *prothocole*, referring to the collection of set forms of etiquette to be observed by the French head of state. Today, the most common meaning of protocol is “a system of rules that explain the correct conduct and procedures to be followed in formal situations.

When referring to data communication, computer systems, and information technology, the term protocol is used to refer

to “a system of rules that allow two or more entities of a communications system to transmit information via any kind of variation of a physical quantity.” HTTP, for instance, is usually found when browsing the world wide web. It is the underlying protocol that defines how messages are formatted and transmitted.

As can be noted, whether the term is used to refer to the conduct and procedures to be followed in meetings and events, or to computer data communication, the underlying purpose of having a set of protocols is to have order in everything, and so that everything will be in order.

Thus, whenever a Rotary Club organizes functions and meetings, established protocols must be observed. According to the Rotary International website, “a proper observance of protocol enhances the prestige of the concerned club and also brings decorum.” The website also gives a few hints on protocol, and let me quote them below for easy reference:

1. Any Rotary meeting hosted by a club, and / or a regular meeting of the club should be presided over by the President of the club. The meeting should be called to order by the President and not by the Master of Ceremonies.
2. Any Rotary meeting hosted by the District or District Committee will be presided over by the District Governor. Governor will call the meeting to order.
3. The protocol to be observed in order of precedence of greetings is District Governor, Past District Governors (seniority wise), District Governor Elect, District Governor Nominee, District Officers, President, Past President, President Elect, and Secretary and so on.
4. The General Rule is that current position takes precedence over past position, past position takes precedence over future position, accompanying spouses will have the same ranking.

EDITOR'S NOTE

5. Once protocol is observed in a meeting initially, the subsequent speakers need not repeat the protocol. This will help save time and avoid possible foul-up of protocol.
6. If the Mayor or the First Citizen of the town is present in a meeting, he should be invited to the dais and should be recognized first.
7. In any Rotary meeting if the Governor is present as the Chief Guest, he should speak last. After the speech of the Governor, there should be no further speeches. The only item after his speech should be acknowledgments and vote of thanks.
8. During the official visit of the Governor to the Club, there should be no other Chief Guest, Governor being the only one.
9. All Rotary club meetings, except training or normative sessions should be concluded as far as possible, within one hour. Care should be taken to ensure that that standard and values of Rotary are not diluted or compromised at meetings.
10. The functions of Master of ceremony, if at all necessary, should be limited only announce the item of the agenda to be followed. He / she is not expected to make comments on the speeches or assure anything on behalf of the club, which should only be the prerogative of the Presiding Officer.

It is ideal for every Rotarian to know these protocols so that they can contribute in properly organizing and executing Rotary meetings and events.
