RY 2024-2025 THEME

Rotary International President Stephanie Urchick announced the 2024-25 presidential theme, *The Magic of Rotary*, urging members to recognize and amplify the organization's power to save lives.

"Don't misunderstand me – we are not going to end polio or bring peace to the world by waving a wand and saying some funny words," Urchick told incoming district governors at the Rotary International Assembly on 8 January. "It's up to you. You create the magic with every project completed, every dollar donated, and every new member."

Urchick, a member of the Rotary Club of McMurray, Pennsylvania, USA, said she saw the magic of Rotary on display when she was helping install water filters in the Dominican Republic. Two boys were watching as dirty water entered the filter, then ran out clean at the other end.

RY 2024-2025 THEME

"One of the boys grabbed my sleeve and said, 'Show me the magic again,'" she said. "Obviously, the water filter wasn't magic. We worked hard to transport those filters, install them, and work with community leaders in the area to maintain them. But those boys knew that easy access to clean water would change their lives. Knowing that I played a small part in that certainly changed my life."

Prioritizing peace

Urchick urged members to champion Rotary's Action Plan, find a balance between continuity and change, and work for peace. She plans to host a presidential peace conference in 2025 with the theme "Healing in a Divided World."

Rotary has a long history of promoting peace through its network of peace centers, Urchick noted. Located at top universities around the globe, the centers have trained nearly 1,800 peace fellows who are now working in more than 140 countries. The newest center, located at Bahçeşehir University in Istanbul, Turkey, will welcome its first class of fellows in early 2025.

"The Rotary Peace Fellowship began more than 20 years ago to equip peace and development professionals from communities around the world to become effective catalysts for ending and preventing

RY 2024-2025 THEME

conflict,” Urchick said. “This conference will focus on Rotary’s peace efforts and provide opportunities to learn together.”

In addition to emphasizing peacebuilding, Urchick reiterated Rotary’s commitment to eradicating polio. She urged the incoming governors to join or initiate PolioPlus Societies in their districts and do all they can to help end the disease.

“Contact elected officials and other government leaders. Remind them that polio is still a threat. Push them to support polio eradication,” she said. “Polio remains our top priority and requires our fullest commitment, but there is so much important work to do.”

Balancing continuity and change

Urchick also underscored the necessity of balancing continuity and change, both of which animate Rotary’s Action Plan.

“The plan is all about building on our best ideas, not abandoning them,” she said. “We face a tough balancing act. We must change ourselves and stay true to who we are.”

She asked the governors to do whatever is needed to make the club experience irresistible to members.

RY 2024-2025 THEME

"That might mean changing how things are done in your district," she said. "If your district has been doing things one way for 50 years, it's probably time to reassess. If a club in your district isn't active or is losing members, maybe it's time to start a new club that fits better with the community. Just because a club or district hasn't changed in a while doesn't mean no one is hungry for change."

One way to make positive change, she said, is to embrace the principles of diversity, equity, and inclusion within clubs.

"I hope you'll join me in opening your arms to future people of action, even if – and in some cases, especially if – they don't look or act like the typical member of your local club," she said. "With DEI, it is easier to be united in a common purpose. It's in those moments when we are committed and focused that we are the most effective and relevant."

Jujut also found deep fulfillment in giving back through lecturing at San Beda College, his alma mater, during the late 90s, showcasing his commitment to nurturing the next generation of professionals and entrepreneurs.

On the personal front, Jujut finds joy in a harmonious family life with his wife, Lia, of 27 years, alongside their three grown children and four furdogs. Together, they share a passion for travel and quality time spent together. His family's commitment for active engagement this Rotary Year will ignite a similar spirit of service and camaraderie among fellow Manila Rotarians and their families.

HENRY S. GO Director

For the past 36 years, I've been happily married and proud to be a parent to two sons and a daughter. Throughout my career, which has lasted over four decades, I've worked in various industries, from manufacturing to marketing; from foods to copper; from strategy formulation to loan packaging. Right now, I'm deeply involved in managing two businesses that have been in my family for a while.

My academic journey started back in 1979 when I got my B.S. in Mechanical Engineering from De La Salle University in Taft, Manila. Then, in 1984, I obtained my MBA from Ateneo de Manila in Makati. Before I joined the Rotary Club of Manila (RCM), I was actively involved in several civic and business organizations, like the Philippine Constitution Association, Asia Society Philippines, and the Chinese Filipino Business Club.

My connection with RCM followed a pretty traditional path. I was proposed by the then President, Jackie Rodriguez, and I attended three meetings as a guest before my application for membership went through a committee review and got approved. I was inducted during the time when the late RCM President Bobby Joseph was in charge, and

Secretary Edwin Hernandez was also inducted at the same time as me. At first, I served as a Star Rotarian and later, on the recommendation of Secretary Reginald Yu, I became the Assistant Secretary. Because I never missed a meeting and actively participated in the weekly membership gatherings, I was recognized with a Perfect Attendance plaque for that Rotary year.

When Chito Zaldarriaga took over as president, I was reappointed as Assistant Secretary and continued my perfect attendance record.

Under the leadership of Hermie Esquerra, I joined the Pasig River cleanup committee chaired by Junjie Vasquez. I was tasked to get the barangay chairmen from Manila Chinatown to involve in RCM's Pasig River clean-up initiative. With the support DENR through PP Jackie Rodriguez, we managed to hand over several hundred seedlings of the Palawan variety of Cherry Blossom trees to beautify the Pasig River and the esteros within Manila Chinatown.

In the current term, with President Raffy Alunan at the helm, I've been given the responsibility of the Attendance Committee. I've been working closely with Dr. Paul Koh to make sure that all Rotarians dutifully attend the weekly meetings. I want to express my sincere gratitude to the RCM membership for electing me as one of the Directors for the upcoming board term under President-Elect Jujut Enriquez.

THE MAGIC OF ROTARY: DISTRICT 3810'S GRAND GALA AND INDUCTION CEREMONY

By Rtn. Reginald T. Yu

*District 3810 officers pose with PGMA
and the Rotary Club of Manila*

In the grandeur of Solaire Manila's opulent Grand Ballroom, on the evening of July 4, 2024, Rotary District 3810 convened for an unforgettable event—the Handover and Induction Ceremonies. Spanning from the late afternoon until the early hours of the morning, this gala affair was not just a ceremony but a spectacular celebration of Rotary's ethos, drawing together 1,182 esteemed participants from across the district and beyond.

As the golden hues of sunset bathed the Manila skyline, the ceremony began with a resonant call to order by Chief Sergeant-at-Arms Edgar Eusebio. His authoritative ring of the bell and striking of the gavel set the tone for an evening steeped in tradition and honor.

The proceedings unfolded with a series of majestic presentations. First, the stage came alive with the introduction of the "Magical Irresistible" Presidents and the "Hope Creating" Presidents, representing clubs ranging from provisional groups to stalwarts like Manila and Cavite. This vibrant display underscored the breadth and diversity of Rotary's community impact across District 3810.

The highlight of the evening arrived with the esteemed presence of former President Gloria Macapagal-Arroyo, accompanied by First Gentleman Mike Arroyo, who graced the occasion as the honored guest speaker. Their arrival added a distinguished aura to the ceremony, symbolizing the intersection of public service and Rotary's noble mission.

District Governor Lilian dela Cruz, in her poignant valedictory address, reflected on her tenure as the "Hope Creating" Governor for the Rotary Year 2023-2024. Her words resonated deeply, celebrating the achievements and collective efforts that had defined her leadership, inspiring a sense of continuity and purpose among the gathered Rotarians.

As the evening progressed amidst a sumptuous dinner and captivating entertainment, anticipation mounted for the ceremonial oath-taking led by incoming District Governor Joaquin "Jackie" Rodriguez. Known as the "Magical Irresistible" Governor for the Rotary Year 2024-2025, his ascension marked a new chapter of promise and vision for District 3810.

RANDOM CONVERSATIONS AND MUSINGS

By: PBLA Raoul Creencia

Random conversations and musings will be my regular contribution to BALITA (2024-2025). It will be some kind of a continuation of my Editor's Note featured in our weekly newsletter in the past two years. While I already recused myself from serving as Editor in Chief for another year, the newly appointed EIC (our Immediate Past Vice President Reggie Yu) has graciously asked if I can continue contributing some write-ups to our Balita. I said yes and hope to be able to regularly submit a write-up to our EIC, which he may add as a feature in our club bulletin. Balita is arguably the oldest club newsletter in the country, and in Asia, and it needs our collective effort to keep it going.

Our very own BALITA, RCM's weekly newsletter, was again awarded the Best Bulletin for Rotary Year 2023-2024 by District 3810. I thus congratulate the members of last year's Editorial Board, especially our Secretariat. Worthy of mention are IPVP Reggie and Rtn. Senen, who have both served well as Managing Editors and contributors. The award conferred by the District must continue to inspire the current set of officers tasked to handle Balita, headed by EIC Reggie. Knowing the hardworking and no-nonsense nature of our IPVP, there is no doubt our

RANDOM CONVERSATIONS AND MUSINGS

Balita will come out weekly, with much more flair, color, and vivacity. Indeed, our IPVP is a perfect choice for Balita EIC. Godspeed, EIC Reggie and Team!

This year's Editorial Board must also be ready and continue to defend Balita. Any attempt to make Balita a repository of any tortured write-up, expressing nothing but angst and immature gibberish, uninspiring cacophony of unpleasantness, especially those which wantonly violate the Four-Way Test, must forthwith be disallowed. Balita must be a vessel of positivity and inspiration. This is the legacy passed on to us by our illustrious predecessors, who not only kept the Club at its peak, but has also ensured that its weekly club bulletin sublimely mirror its greatness.

I welcome everyone to this brand new Rotary year. Rotary International President Stephanie Urchick's 2024-25 presidential theme as "The Magic of Rotary". With this, she has sounded the call for all Rotarians around the world to recognize and amplify the organization's power to save lives – through service above self, which is magic in and by itself. The Rotary Club of Manila, First in Asia, now with President Jujut Enriquez at its helm, will surely heed this call to craft a magical year ahead. Godspeed, Pres. Jujut and Team!
